ST. LOUIS POST-DISPATCH

FINAL

Vol. 83. No. 255. (83rd Year) ST. LOUIS, SATURDAY, SEPTEMBER 16, 1961—18 PAGES PRICE 7c IN METROPOLITAN ST. LOUIS

GRAND JURY SAYS JUDGE POELKER GOT LOANS FROM APPOINTED MEN

Defendant in Case Gave Him Money, Report Asserts—His Activities Called Questionable, Unethical.

Circuit Judge Virgil A. Poelker of St. Louis county accepted personal loans from men he appointed as commissioners in condemnation cases and from a defendant in another case, the county grand jury reported yesterday.

In its final report to Circuit Judge Joseph W. Murphy the May term jury said evidence it heard indicated that Poelker "had engaged in questionable activities for which we returned no indictments but which we feel are certainly unethical."

In 1959 three commissioners appointed by Judge Poelker in a highway condemnation case were granted appraisal fees totaling $22,500. After vigorous objection by the Missouri Highway Department the commissioners agreed to a $9800 reduction in the fees.

A survey by the Post-Dispatch of fees awarded by St. Louis circuit judges in similar cases showed that commissioners received fees ranging from $750 to $1750 each, compared with the $7500 each awarded initially by Judge Poelker.

State Tax Indictment.

The grand jury returned one indictment against Judge Poelker yesterday, charging him with filing a false state income tax return for 1960.

He was booked at the sheriff's office and released on $1000 bond signed by S. J. Hutnick, a professional bondsman.

Prosecuting Attorney Norman H. Anderson said the judge was charged with reporting his 1960 income as $15,000 when it actually was $18,000.

Poelker will be arraigned on the charge before Circuit Judge Noah Weinstein Sept. 29, the same day trial is to be set on another income tax indictment on which Poelker pleaded not guilty yesterday.

This indictment, voted by the grand jury last June, charges Poelker failed to file a tax return for 1959 although he had taxable income of $20,500 that year.

Activities on Loans.

Referring to other "questionable activities" involving Judge Poelker the jury said:

"The record shows that Virgil Poelker, in his capacity as circuit judge, dismissed a case against a party and then accepted a substantial loan from that same party.

"While serving as judge of the court he continually issued personal checks for which there were not sufficient funds in the banks upon which the checks were drawn. One or two such occurrences could be considered mistakes, but this practice has continued over a period of several months at several different banks.

"Individuals and banks seem reluctant to report or prosecute a judge, so we must conclude that Virgil Poelker has taken advantage of his office to commit acts which no ordinary citizen could do without penalty.

"These and other similar actions supported by evidence presented to this jury lead us to question the fitness of Virgil Poelker to sit in the courts of this county and pass judgment on his fellow citizens.

"We feel that the bar association and the proper governmental bodies should take whatever actions are deemed necessary in order to protect the integrity of the courts of St. Louis county."

Judge Poelker declined comment today on both the new indictment and the grand jury report.

CIVIL DEFENSE OFFICIAL DIGGING OWN SHELTER

LITTLE ROCK, Ark., Sept. 16 (AP)—Little Rock's civil defense director has started digging his own fallout shelter.

The director, William A. Price, says he has a three-fold purpose: To save expenses, reduce his waistline and to demonstrate to others that they can build their own shelters.

Price hopes to build a 12-by-14½-by 9½-foot shelter by himself with the aid of a Government instruction guide. He has not set himself a schedule except that "I'm determined to work on it two hours every day."

He admits its slow going. After four hours of pick and shovel work in the hard soil his excavation was about one-foot deep.

ALBERT BRUCE

MAN IS HUNTED IN KILLING OF WIFE, 2 OTHERS

Sought in Southeast Missouri in Deaths of Webster Groves Woman, Her Parents.

Search continued today in southeast Missouri for Austin V. Johnson of Webster Groves, who is sought in connection with the killings yesterday of his estranged wife and her parents in St. Louis county. A highway patrol plane was called into the hunt at daylight.

Mrs. Elizabeth Jane Johnson, 40 years old, was stabbed to death at 1:30 p.m. in the third-floor office of the Massachusetts Mutual Insurance Co., 7710 Carondelet avenue, Clayton, where she was the office manager.

Witnesses told police that Johnson, 42, aircraft mechanic and union shop stewart at McDonnell Aircraft Corp., plunged the blade of a hunting knife into his wife's back repeatedly. The stabbing followed her refusal to leave the office with him.

Neighbor Finds Bodies.

Authorities were searching for Johnson when Webster Groves police were called to 1106 South Berry road where the bodies of Mrs. Johnson's parents, Mr. and Mrs. Albert Bruce, had been found by a neighbor. The neighbor's attention had been attracted by the crying of the Johnson's 3-year-old daughter, Linda.

Both parents had been shot in the chest with a shotgun. A discharged shell from a 16-gauge gun was found on the floor.

Mrs. Johnson left her husband's home, 441 Greeley avenue, Webster Groves, several weeks ago and was living with her parents at the Berry road address. Clayton police reported that she had begun divorce proceedings against her husband, whom she had described as having a violent temper and being "impossible to live with." They had been married seven years.

After the bodies of Mr. and Mrs. Bruce were found by Harry G. Bolhofner, operator of a confectionery at 1036 South Berry road, Linda told Bolhofner, "Daddy shot grandpa and grandma." Asked how many shots had been fired, the child held up two fingers.

Several hours later the highway patrol learned that Johnson appeared at the home of his mother and stepfather, Mr. and Mrs. Floyd Wright, near Bell City, in Stoddard county. Bell City is about 120 miles southeast of St. Louis.

After visiting briefly with his mother, Johnson drove two miles into Bell City and had his hair cut. He returned to the Wright home, parked his car and went into the woods with Wright's shotgun, saying he was going to hunt squirrels. The gun was found later leaning against a tree.

The area in which Johnson disappeared was described as extremely rugged timber land.

LINDA JOHNSON

KENNEDY NAMES CHARLES R. ROSS AS FPC MEMBER

HYANNISPORT, Mass., Sept. 16 (UPI)—President Kennedy nominated Charles R. Ross, chairman of the Vermont State Public Service Board, to the Federal Power Commission today.

The Chief Executive, spending the weekend on Cape Cod with his family, designated four Texas counties as disaster areas eligible for federal assistance in recovering from the effects of this week's hurricane.

The President devoted his morning to official paper work, then went boating on Nantucket sound in cool and sunny weather.

Ross, 41 years old, a Republican, was named to the unexpired term of the late Frederick Stueck of St. Louis.

FLYING 'SMOKE POTS' TO TRY TO TAME HURRICANE

MIAMI, Sept. 16 (UPI)—Scientists with airborne "smoke pots" were poised today to fly into a new hurricane, dubbed Esther, for a novel try at quieting its fury.

The Miami Weather Bureau said it had no word on when the chemical "seeding" attempt would be made on the 130-mile-an-hour storm. The hurricane was about 500 miles northeast of San Juan, P.R.

The experiment was planned as the first seeding with silver iodide. A hurricane seeded with dry ice in 1947 off the Georgia-Florida coast split into two parts, one of them causing extensive flood damage at Savannah, Ga.

The scientists were hoping that chemical reaction would rob the storm of some of its power when the smoke from the smouldering silver iodide, carried in "burners" under the research planes, is released.

U.N. SAYS SOUTH KOREANS SANK REDS' SPY VESSEL

PANMUNJOM, Sept. 16 (AP)—The United Nations Command today accused Communist North Korea of sending an espionage vessel into South Korean waters Sept. 9.

Maj. Gen. Robert H. Warren, U.N.C. chief delegate, said the spy vessel was sunk in an exchange of gunfire with a South Korean navy patrol boat. He demanded North Korea make an vestigation of the incident.

Italian Cops Join Foreign Cops In Night Clubs---Duty, of Course

The Chicago Daily News-Post-Dispatch Special Radio. Copyright 1961.

ROME, Sept. 16—Police of foreign nations who came to Rome for a light-hearted convention got into trouble with Italian police.

A couple of French policemen and a London bobby, wearing their uniforms, were walking down a Rome street the other night. An Italian policeman stopped them and demanded: "What are you doing in those uniforms? Identification papers, please."

The foreigners indignantly responded that they were policemen, too, and couldn't they have a little fun on their off hours without being bothered by police?

After half an hour of dispute and identification, several Italian police joined the foreign policemen and they went on a night club tour together.

The Italian police informed their superiors they had to join the party to protect the visitors from being questioned by more policemen.

7 EX-CONVICTS QUESTIONED IN HANNON KILLING

One of Men Arrested Has Loaded Pistol in Sack—All Deny Having Information.

Former associates of Richard S. Hannon were questioned today in an effort to find the killer of the 57-year-old ex-convict and burglar.

Frank J. Hickey, 40, of the 10,000 block of Crete drive, Bellefontaine Neighbors, and Vincent Gendron, 27, of the 4500 block of Pope avenue, were arrested yesterday after police received information that they might know something about the shooting Thursday night. Both are former convicts.

The arrest was made in front of a flat in the 4100 block of Flad avenue after detectives were informed that the men would meet there. Police said Hickey was carrying a sack containing a loaded pistol. He placed the sack on the front steps of the building when confronted by a detective with a riot gun.

Later, five other ex-convicts were arrested in a building in the 3600 block of Cote Brilliante avenue. All denied knowledge of the shooting, but one remarked, sarcastically, "It couldn't have happened to a nicer guy."

Harvey Miller Gives Up.

Two detectives went to the Venice police station to question Harvey Miller, ex-convict and notorious leader of a burglar gang of which Hannon was once a member. Miller surrendered at the station yesterday after having slipped away from Venice police Thursday night, about 45 minutes before the Hannon shooting.

Miller refused to waive extradition to Missouri and declined even to admit he ever knew Hannon, police said. He had been arrested Thursday after his automobile sideswiped a tow truck on McKinley bridge.

Warrants charging Miller with failure to make an accident report, failure to obey a policeman, petty larceny and careless driving were issued by Police Magistrate Wesley Edwards of Venice. The petty larceny charge was based on theft of the key to the men's room in the Venice station. Miller was released on $100 cash bond.

Killed in Auto.

Hannon, who was released from the Missouri Penitentiary last Aug. 26, was shot to death as he was driving in the 600 block of Chambers road southeast. Witnesses told police the shots were fired from an automobile driving beside Hannon's machine.

Police are checking a revolver found in the wreckage of the Hannon car, believing it to be the weapon used. Hannon's car went out of control in the shooting, crashed into a light standard and overturned.

Hannon had a reputation in the underworld for giving information to authorities. Police believe an old grudge may have been the motive for the killing.

U.N. TROOPS HIT HARD BY MASS ATTACKS FROM KATANGA FORCES

Main Garrison at Kamina Reported Weakening — Has No Planes to Fight Off Tshombe's Air Raids.

LEOPOLDVILLE, The Congo, Sept. 16 (AP)—United Nations troops were reported reeling today under a mass attack by Katanga soldiers and Baluba tribesmen on Kamina, the main U.N. military center in rebellious Katanga province.

A radio message from the Kamina control tower received at Usumbura, in the neighboring Belgian trust territory of Ruandi-Urundi, said resistance of the 500-man Irish and Swedish garrison was weakening and "it will be difficult to hold out much longer."

White officers led the attacks.

A bloody struggle, touched off Wednesday by the U.N. attempt by force to bring Katanga to the rule of the Congo's central government in Leopoldville, persisted also in Elisabetnville, the capital, and at the mining town of Jadotville, 60 miles northwest of Elisabethville.

Garrison Beseiged.

U.N. helicopters ferried food and ammunition to the isolated Irish garrison of Jadotville, beseiged by hordes of Katangans in six days of savage fighting. In Dublin, the Irish government listed three men as missing and presumed dead, five wounded and 27 captured from a Jadotville defense force that originally totaled 150.

Sniping continued in Elisabethville. City power lines were reported cut again. A clandestine station calling itself Radio Free Katanga quoted President Moise Tshombe as saying his regime is conducting total war against the U.N.

Two jet aircraft of Tshombe's small air force bombed and strafed U.N. troops, which have neither fighter planes nor anti-aircraft batteries.

U.N. headquarters was reported to have asked member governments urgently for jet fighters. Informed sources said Sweden was considering sending in some.

Casualties Heavy.

U.N. sources said Katangans had regained control of large sections of Elisabethville. Casualties have been heavy.

The bitterest fighting, however, appeared centered at Jadotsville and at Kamina, in the north.

Belgian army monitoring stations in Usumbura reported recording a number of messages from the Kamina control tower pleading for reinforcements, heavy weapons and other supplies.

"Our water and electricity are cut," said one of the messages. "We had two strafing and bombing raids by a Katanga Fouga Magister (a French-made jet). The plane said it will be back. . . .

"Since this morning the base is again being attacked by Katanga troops and Baluba warriors under Chief Kasongo Niembo. . . . The firing is heavy."

Official Belgian sources in Usumbura estimated 66 Irish soldiers had been killed at Jadotville and said it was "virtually confirmed" that the rest of the contingent surrendered.

The central government's anger at its failure to bring mineral-rich Katanga under its domination was reflected by the arrest of several Belgian civilians in Leopoldville. Belgians devel-

STIFFER ALLIED POSITION REPORTED AGREED ON BY BIG 4 FOREIGN MINISTERS

ULBRICHT WARNS ON TRIPS TO BERLIN AFTER TREATY

Says Any Attempt to Reach City After Signing of Accord Would Be Treated as Aggression.

BERLIN, Sept. 16 (AP)—The East German Communist boss, Walter Ulbricht, threatened yesterday to treat as aggression any attempt by the Western Allies to use land and air lanes into West Berlin after he has signed a peace treaty with the Soviet Union.

He hinted he would grant the Western powers certain transit rights across East Germany if they recognized his regime and agreed to deal with it directly.

Soviet Premier Khrushchev has warned he intends to sign a separate peace treaty with East Germany before the end of the year.

Ulbricht asserted in a television address that after the treaty is signed, his government will exercise full authority over the land and air corridors between West Germany and West Berlin, 110 miles inside Communist territory.

"To be Frank, I am convinced there will not be a war, because no one would be so insane as to wage war against a peace treaty," Ulbricht said.

"But the Western powers must realize that, after the treaty is signed, they would commit an aggression against the German Democratic Republic (East Germany) and violate the peace treaty if they penetrate our territory without our agreement, either by land or by air."

Ulbricht said the Soviet Union would give its full support to the East German regime, and warned that it would be an illusion to imagine that a "small war" in Europe would leave the United States unaffected.

"Let those who are prepared

25 REPORTED DEAD IN UPRISINGS IN VERACRUZ STATE

VERACRUZ, Mexico, Sept. 16 (AP)—Uprisings occurred in four towns in Mexico's eastern state of Veracruz yesterday. Twenty-five or more persons were reported killed.

Officials said the outbreaks may have been part of what they called an anti-government plot planned for today—the 151st anniversary of the start of Mexico's war for independence from Spain.

Three of the outbursts—at Jaltipan, Coxquihui and Chumatlan—were brought under control, but 10 soldiers in the village of El Espinal were surrounded by armed campesinos (peasants) and appealed last night for help from the 7th Infantry Battalion at Jalapa.

All four towns are north of Veracruz city in the rugged Sierra de Papantla.

Last Sunday in Mexico City police and soldiers broke into a meeting at the house of a retired army general, Celestino Gasca, and seized Gasca and 164 others. Official sources said the group was plotting disturbances.

TYPHOON STRIKES JAPAN; 77 KILLED, MANY HOMELESS

TOKYO, Sept. 16 (AP)—Typhoon Nancy blew across Japan today, leaving casualties and widespread damage in densely populated areas.

By nightfall, the center of the storm had moved over the main island of Honshu into the Japan sea.

Floods and high tides threatened in the wake of winds up to 112 miles an hour.

The Japan Broadcasting Co. listed 77 persons deal, 48 missing and 1017 injured. It said 27,556 houses had been destroyed or damaged heavily.

The typhoon hit the Osaka-Kobe-Kyoto industrial complex at midday.

The storm's path carried it away from Tokyo. It could still hit Hokkaido, Japan's northernmost main island.

125 Dead of Whooping Cough.

HOLLANDIA, Dutch New Guinea, Sept. 16 (AP)—A whooping-cough epidemic on Kepi, southern Dutch New Guinea, has taken 125 lives, reports reaching here said today. Thirty-four children have died from stomach and intestinal troubles. A medical team and a large quantity of vaccine have been sent to the area.

CASTRO'S FIRING SQUADS EXECUTE 6 MORE PERSONS

Terms of One to 30 Years for 112 Other Alleged Counter-Revolutionaries.

KEY WEST, Fla., Sept. 16 (AP) — Fidel Castro's firing squads executed six persons in three Cuban cities today, the Havana radio reported.

The broadcast said two were shot in La Cabana fortress in Havana for their part in the attempted hijacking of a Cuban airliner last month.

Two were executed in Santiago de Cuba after having been convicted of participating in a plot against the life of Raul Castro. Two more were shot in Pinar del Rio for the deaths of three militiamen.

Prison sentences ranging from one to 30 years were handed out for 112 others, all accused of counter - revolutionary activities. One man was acquitted.

A firing squad at La Cabana fortress took the lives of Roberto Fernandez Toledo and Rafael Felix Feria, the radio said. They were convicted of taking part in the attempted hijacking.

Anibal Rodriguez Fernandez and Mario Abreu Galvan were shot in Santiago and former army Capt. Bernardo Corrales and Rene Suarez were executed in Pinar del Rio, the radio reported.

The plot against Raul Castro, for which Rodriguez Fernandez and Abreu Galvan were executed, reportedly involved 84 others, all of whom received prison sentences.

Five men were sentenced in Havana to 30 years imprisonment and 23 received 20-year sentences for their part in the attempted plane hijacking, the radio said.

Two rebel groups are reported battling Castro's militia in Pinar del Rio province in eastern Cuba. Reports said fighting also has broken out in Las Villas province.

In Havana, long queues of grumbling persons gathered at plane and travel agency offices after the government sharply restricted travel out of Cuba, sources said. Pan American World Airways canceled flights between Miami and Havana yesterday

Bomb-Fearing Refugees Fleeing To What May Be Prime Target

SMITHTOWN, N. Y. Sept. 16 (UPI)—A caravan of bomb-fearing refugees, hoping to escape destruction in the event of a nuclear war, leaves today for their chosen sanctuary in northern California.

But there lurks the disturbing possibility that the journey, preceded by months of careful planning, may be nothing more than a leap from the frying pan into the fire.

Chico, Calif., the small town about 75 miles north of Sacramento selected by the group as ideal for survival, is the site of a new Titan intercontinental missile base and one Civil Defense official considers it a prime target.

Reaction in the town itself varied from guarded welcome to amazement.

"We are happy to have these new residents," said City Manager Fred Davis, "but we're not convinced that we live in the safest place in the world."

Alvin Bauman, spokesman for the 20 families, said yesterday they knew that the missile base was being built, but "where can you go in this country and avoid bases?"

RUSK TO SOUND OUT GROMYKO ON POSSIBILITY OF NEGOTIATIONS

French Persuasion and Reports of New Red Moves Said to Be Factors in Hardening of Policy.

WASHINGTON, Sept. 16 (AP)—The Western Big Four foreign ministers went into the final session of a three-day strategy conference today reportedly agreed on further counter-measures to deal with Red threats to West Berlin.

The Western policy makers reached general agreement that Secretary of State Dean Rusk would undertake a preliminary sounding out of the Soviets to see if an East-West foreign ministers' negotiating conference would be worthwhile. Such a gathering would be expected to be held in October or November.

Rusk is scheduled to go to New York tomorrow for Tuesday's opening of the United Nations General Assembly and for the exploratory talks on Berlin with Soviet Foreign Minister Andrei Gromyko.

At today's foreign ministers' meeting, France's Maurice Couve de Murville and West Germany's Heinrich von Brentano went directly to the conference room. Lord Home, Britain's foreign secretary, had a separate conference with Rusk.

Word to Reporters.

While the delegations assembled, some foreign diplomats confirmed to reporters that there is a hardening of the Western position since the conference opened on Thursday.

The tougher attitude of the French government was apparently accepted at least partly by the Allies. The French, a diplomat said, were especially concerned that the Russians might misunderstand further Western hesitance.

Couve de Murville reportedly persuaded his colleagues that Moscow has to be warned repeatedly against such "miscalculations."

The reported hardening of the Western position was less the consequence of French persuasion than of reports from Germany of Communist plans for unilateral action in Berlin and elsewhere on the East-West German border.

Diplomatic informants in reporting this said the Western Allies had various means to let Moscow know that any unilateral Communist action would destroy hopes for a peaceful settlement of the German problem.

Other Means of Warning.

President Kennedy's statement calling for Soviet restraint was the most important official version of this warning, these informants said. But, they added, the Allies had other, less public, means to caution the Soviets.

Reports about the hardening Western position came from sources belonging to all four delegations.

The foreign ministers are reported to consider the Rusk-Gromyko exploratory talks a matter of crucial importance. Britain, and apparently the United States, favors an East-West foreign ministers' meeting on Berlin in October and November if Gromyko brings word that Soviet Premier Khrushchev is ready for negotiations on what the Western powers would consider reasonable terms.

On the other hand, information from inside the conference is that the four Western ministers agreed that they will not become involved in any negotiations in which Khrushchev clearly intends to dictate the terms and defeat and humiliate the West. If that is the attitude which Gromyko displays to Rusk, the judgment of the Western ministers is reported to be that the prospects for shooting over Berlin will be great.

Possible Issues.

Informants said the Western foreign ministers have considered in their meeting a wide range of possible issues for negotiation, including plans advanced in earlier years, primarily from the Communist side, for creating some kind of neutralized or de-nuclearized zone in central Europe which would inclose some German territory east and west.

They are also reported to have talked about the possibility of

SENATE PASSES AID MONEY BILL AND SENDS IT TO CONFERENCE

$4,196,600,000 Voted — Restoration of Almost All Cuts Made by House Viewed as Kennedy Victory.

WASHINGTON, Sept. 16 (AP) —President Kennedy scored a victory yesterday when Senators restored almost all House cuts in the foreign aid money bill. Now Senate and House conferees will try to compromise the $533,000,000 difference.

By a 62-to-17 vote, the Senate approved $4,196,600,000 for foreign aid, restoring all but $63,000,000 of the $596,000,000 slashed from the bill by the House.

The aid funds are included in an over-all money bill of $4,416,091,000 carrying funds for various foreign assistance programs and related projects. One item is $40,000,000 asked for by Mr. Kennedy for the Peace Corps.

Before the final vote, the Senate rejected 52 to 29 a move by Senator Allen J. Ellender (Dem.), Louisiana, to trim $150,000,000 from the $1,700,000,000 in military assistance funds recommended by the Senate Appropriations Committee.

The Senate version of the foreign aid money bill would give Mr. Kennedy the full $1,200,000,000 he asked for economic development loans abroad this year. The President says he considers the loan fund for struggling nations the heart of his new foreign aid program.

The bill provides also:

The full $300,000,000 for the presidential contingency fund for emergency needs.

Economic assistance funds of $2,496,600 and $1,700,000,000 in military aid.

A $334,000,000 appropriation for redevelopment grants and $450,000,000 for supporting assistance, including aid to United States allies.

A $110,000,000 item for investment in the Inter-American Development Bank and $61,656,000 for subscription to the International Development Association.

Senator Edward V. Long of Missouri voted for the bill.

Senator Stuart Symington did not vote, but was paired for the measure. Both are Democrats.

VESSEL USED IN DEFECTION SAILS, PRESUMABLY TO CUBA

NORFOLK, Va., Sept. 16 (AP) —The Cuban freighter Bahia de Nipe sailed yesterday, presumably for Havana to replace 11 defecting crewmen who seized the ship and sailed it into Chesapeake bay a month ago to obtain political asylum.

The sugar-laden vessel was manned by the 23 crew men who were overpowered by the 11 defectors before it was diverted into Chesapeake bay Aug. 17. The ship was bound from Cuba for a Russian Baltic port at the time.

The ship was ordered released to the Cuban government after a series of United States District court hearings in which a 12 firms and individuals tried unsuccessfully to have the vessel attached to satisfy judgments totaling almost $3,000,000. Sovereign immunity bars attachments of the property of a foreign government.

FIRST TITAN MISSILE FIRING FROM SILO IS POSTPONED

VANDENBERG AIR FORCE BASE, Calif., Sept. 16 (UPI)— The Air Force has postponed until next week the scheduled firing of a long-range Titan missile from an operational silo launcher, it was announced today.

The firing, in which the 97-foot Titan is to be raised from a 165-foot concrete and steel silo for the first time and fired over the Pacific, had been scheduled for yesterday but was canceled because of technical difficulties.

The Air Force did not explain the specific reasons for the cancellation.

JOINT WAR GAME IN BERLIN

BERLIN, Sept. 16 (AP)—British and American troops combined yesterday in an exercise to drive a hypothetical enemy out of Grunewald forest in southwest Berlin. The exercise was planned months ago.

Helicopters, amphibious armored personnel carriers and other equipment were used to move troops. The third Battle Group of the Sixth Infantry Division, commanded by Col. Wayne Winder of Sheridan, Ill., participated.

Kennedy, Kubitschek Meet.

WASHINGTON, Sept. 16 (AP) —Former President Juscelino Kubitschek of Brazil had an hour long talk with President Kennedy yesterday. He said he delivered a personal greeting from Joao Goulart, a leftist who was inaugurated Sept. 7 as Brazil's president after the unexpected resignation of Janio Quadros. Kubitschek said "collaboration between our two countries is absolutely essential."

ADENAUER HOLDS EDGE IN GERMAN VOTE TOMORROW

BONN, Sept. 16 (UPI) — The West German election campaign went into its final hours today with Chancellor Adenauer's Christian Democratic party considered one short jump ahead of the Socialists.

While Adenauer and his Socialist rival, West Berlin Mayor Willy Brandt, ended their campaigns with televised speeches, two public opinion polls predicted election victory for the Christian Democrats.

Both polls said Adenauer's party would get 46 per cent of the votes in Sunday's fourth nation-wide post-war election and the socialists 38 per cent, with the rest going to splinter parties.

This would be a sharp narrowing in popular support between the two parties since the last parliamentary elections in 1957, when the Christian Democrats outpolled the Socialists 50.1 to 31.8 per cent.

One as yet unassessed factor was the announcement yesterday that someone tried to kill the 85-year-old Adenauer by mailing him an explosive package. The package, mailed from Munich, was discovered in the routine police check of the first mail delivery at the Bonn chancellery yesterday morning, the government reported.

Bookmakers are not taking any bets on tomorrow's elections, in which 494 members of the Bundestag (lower house of Parliament) are to be selected.

A bomb was found today in a package sent to West German Defense Minister Franz Josef Strauss, the Defense Ministry said. It was detected before delivery and did no harm. It was exactly like the one addressed to Adenauer. It also came from Munich.

The Socialist party said the bomb parcels had been discovered four weeks ago but that disclosure had been delayed to gain votes in the general election.

Adenauer, in his appeal to the voters last night, said the Christian Democrats had been right for 12 years.

Brandt suggested the voters ignore past positions and select the party that could deal with problems of the future. In an obvious reference to his own 47 years compared to Adenauer's 85, Brandt said the voters should vote for the Socialists because their leaders were full of ideas "and not yet used up."

Brandt has left the way open for a coalition government if Adenauer's party loses its absolute majority in the Bundestag. The young mayor is considered to have gained stature in the present Berlin crisis.

Congo Fighting

Continued From Page One.

oped and still largely control the rich mines, industries and farms of Katanga, which seceded early in the independence of The Congo from Belgian rule last year.

Prime Minister Roy Welensky of the British-run Central African Federation said the federation is making food and medical supplies available to the warring Katangans and "I don't really care whether the United Nations likes it or not."

U.N. Secretary General Dag Hamarskjold, who arrived for his third visit to The Congo a few hours after U.N. troops occupied Elisabethville Wednesday, was scheduled to head home today. He was empowered by the Security Council to use force to avert civil war and reunify The Congo.

Banned From French Congo.

Hammarskjold was refused permission by the government of the former French Congo, just across the Congo river, to go to Brazzaville, its capital, to take a plane for Paris and New York. The French embassy in Leopoldville said the refusal was for reasons of security because of the U.N. action in Katanga had provoked discontent and unrest in Brazzaville.

The Irish troops at Jadotville were sent there originally to protect white residents of that city, a center of the province's copper and cobalt industry.

They were surrounded by 500 well-armed Katanga troops and hundreds of fanatical Beyeka tribesmen. A U.N. relief column was turned back by Katangan roadblocks, reinforced by heavy machine guns.

U.N. officials discounted Katanga claims that more than one third of the Irishmen had been wiped out and the others captured. But Conor Cruise O'Brien, an Irishman who is the chief representative in Katanga, said enough Katanga prisoners had been captured to set up an exchange for the Irish if necessary.

Threat by Tshombe.

Tshombe's radio station declared 10 U.N. prisoners would be executed for every Katangan killed. About 130 Irish U.N. troops were prisoners when the announcement was made yesterday. It followed orders from U.N. officials for the summary execution of any Katangan civilian found carrying weapons.

The orders came from Brig. S. K. Raja of India, the U.N. military commander. He decreed a state of emergency and an 8 p.m. curfew.

Repercussions from the Katanga fighting were strongest in western Europe. A French Foreign Ministry spokesman said Hammarskjold had exceeded his mandate by authorizing the Katanga action and expressed "grave discontent."

In Dublin, Irish Prime Minister Sean Lemass dispatched Foreign Minister Frank Aiken to The Congo to determine how the Irish U.N. troops had gotten into their predicament. Lemass said Ireland has agreed to lend its troops for the U.N. force only to keep peace and not to enforce any particular solution of The Congo problem. With national elections coming up in Ireland Oct. 4, The Congo crisis might become a major political question.

REUTHER CALLS TWO SPECIAL MEETINGS

DETROIT, Sept. 16 (UPI) — Top officers of the United Auto Workers were summoned to two special meetings tonight that could put pressure on local negotiators and bring an end to the union's six-day-old strike against General Motors Corp.

Even before the meetings there were signs of progress in the contract talks, with 71 G.M. plants reporting agreements with the UAW on the local issues that set off the strike on Monday.

UAW president Walter P. Reuther late yesterday called a meeting of the union's international executive board for 8 p.m. today.

He summoned local union leaders from 12 Chevrolet, 18 Fisher body and six Buick-Oldsmobile-Pontiac plants to a second meeting at 9:30 p.m. to "review unresolved" local problems.

The executive board was expected to order the union's national G.M. council into session early next week, probably Monday or Tuesday.

The national council could quickly end the strike since its 280 members from all G.M. plants have authority to "wash out" any still unsettled local contract differences and order workers to return to their jobs.

However, it appeared extremely unlikely that G.M. could return to full production by Monday morning as requested by President Kennedy in an appeal this week to the union and company.

The 71 local settlements already reached represent more than half of G.M.'s 130 plants. But workers at some of the 68 plants still had not returned to work and there were about 238,000 men away from their jobs either because of the strike or strike-induced layoffs.

FREEDOM RIDING MINISTERS GET 4-MONTH TERMS

15 Are Convicted at Jackson—Yale Chaplain Found Guilty at Montgomery.

JACKSON, Miss., Sept. 16 (AP)—The son-in-law of New York Gov. Nelson A. Rockefeller and 14 other Episcopal clergymen were convicted last night on charges of breach of the peace for attempting to desegregate a bus terminal white waiting room.

The ministers, including the Rev. Robert L. Pierson of New York City and Evanston, Ill., were fined $200 and sentenced to four months in jail. The group included 12 white ministers and three Negroes.

In Montgomery, Ala., Yale University Chaplain William S. Coffin, a Presbyterian, and nine other Freedom Riders were convicted last night on breach of peace or unlawful assembly charges. Judge Alex Marks of County Court ordered fines of $100 and jail terms ranging from 10 to 90 days for the group. The riders immediately posted appeal bond of $750 to $1000 and were released.

No move was made in Jackson to post bond for the Episcopal ministers, who were en route to the general convention of the Episcopal church on Sunday in Detroit, when arrested.

Thirteen others in the group did not attempt desegregation. Seven of them expected to continue on to Detroit by plane today.

Attorneys for the arrested ministers said no plan for appealing had been set but that all probably would appeal the convictions sometime next week.

MYERS MURDER TRIAL POSTPONED UNTIL OCT. 9

Special to the Post-Dispatch.

BIG SPRING, Tex., Sept. 16 —The murder trial of John E. Myers, who has admitted killing four persons, was postponed yesterday until Oct. 9 by District Judge J. Ralph Caton. The trial originally was scheduled to start Monday.

Myers's two court-appointed attorneys, Hartman Hooser and John R. Coffee, asked for the continuance, saying they had not had time to prepare their case, receive records from the Navy concerning Myers's mental health nor obtain statements from prospective witnesses.

Myers, who entered a not guilty plea at arraignment last Monday, is charged with murdering Arthur Lee DeKraai at Ottumwa, Ia., a hitchhiker he and his 13-year-old girl friend, Donna Marie Stone, picked up near Forth Worth. Warrants charging him with murdering three St. Clair county, Illinois, residents are pending.

G.O.P. Charges Kennedy Caused Delay of Filibuster Curb Debate

Mansfield Defends Timing and Says He Never Discussed Matter With President.

WASHINGTON, Sept. 16 (AP) —A dispute broke out in the Senate today over whether President Kennedy had any responsibility for putting off a fight over the Senate's anti-filibuster rule until near the end of the session.

The dispute started even before Democratic majority leader Mike Mansfield of Montana formally moved to take up the rules change proposal. The change would permit debate to be cut off by a vote of three-fifths of the Senators present and voting, instead of the present two-thirds.

If all 100 Senators were present this would mean debate could be ended by a vote of 60 Senators, instead of the 67 now required.

Mansfield, defending the timing of the move, said he never had discussed it with Mr. Kennedy. He rejected what he termed a Republican effort to put responsibility on the Administration.

Javits Retorts.

Senator Jacob K. Javits (Rep.), New York, retorted that the Kennedy Administration could not escape responsibility. He said putting off the rules fight until the end of the session "loaded the deck" against those who want to make it easier to end filibusters.

Javits, a leader of the Senate's civil rights forces, said he was willing to accept Mansfield's statement that he had not discussed the matter with Mr. Kennedy. Javits said, however, that that does not relieve the Democratic majority of responsibility for carrying out a pledge in their party platform to change the present rule.

Mansfield said he would resent "any intrusion by the executive branch" in what he called an internal matter of the Senate.

Supported by Dirksen.

Senate Republican minority leader Everett Dirksen of Illinois was supporting Mansfield's move to call up the rules change proposal with a petition to limit debate on it. The petition was signed by 21 Senators, five more than required.

Under the procedure, the Senate will vote Tuesday on whether to limit debate on the rules change. A two-thirds vote then would limit each Senator to one hour of talking. Defeat of the petition would let Southern Senators and other opponents continue talking to delay or prevent action.

Southern opponents appeared to have the upper hand in the fight, in part because the issue is coming up when Congress has adjournment fever.

The filibuster has been southerners' most potent weapon in beating off civil rights legislation.

House Action.

Meanwhile the House upset the plans of sponsors and voted to consider amendments to a $520,000,000 postal rate increase bill.

This 222-to-142 roll call vote yesterday cleared the way for possible increases for newspapers, magazines and junk mail. Further action on the bill is expected next week.

Sponsors of the postal rate hike say any such amendments would, in effect, kill the bill, because the Senate will not consider it this session unless it is left unchanged.

The bill came to the floor under a procedure which did not permit any amendments. Many members protested yesterday that 80 per cent of the rate increase revenues would come from first-class mail users.

The House then voted down the closed rule, adopted a new rule permitting amendments and adjourned.

The Senate, coming to terms with the House, has sent to President Kennedy an atomic energy authorization bill that omits a proposed electric generator plant at Hanford, Wash. The bill, cleared by the Senate yesterday, authorized about $131,000,000 for Atomic Energy Commission projects in this fiscal year. The Hanford generator was opposed in the House by opponents of public power and by representatives of coal areas.

Small Business Aid.

Senate-House conferees agreed yesterday on a bill extending the Mexican farm labor program two more years after junking a Senate provision designed to give the imported workers higher wages.

Congress sent the President yesterday legislation to expand government aid for financing small business concerns.

Senate passage by a voice vote sent to Mr. Kennedy yesterday an immigration bill that makes permanent a program for the admission on a non-quota basis of alien orphans adopted by United States citizens. The measure was passed by the House three days ago.

Brushing aside warnings the government is running in debt at a rate of almost $1,000,000 an hour, the House yesterday voted $573,040,823 for a catch-all appropriations bill.

TWO OF FORMER TURKISH CABINET DIE ON GALLOWS

Military Junta Carries Out Death Sentence — Illness Gives Menderes Delay.

ISTANBUL, Sept. 16 (AP) — Turkey's former Foreign Minister Fatin Zorlu and ex-Finance Minister Hassan Polatkan were hanged today, a government communique announced. They were the first top officials sent to the gallows under the military junta ruling the government for violation of the constitution.

The executions were believed to have been carried out at Imrali, a prison island in the Sea of Marmara.

The communique said former Premier Adnan Menderes, who had been sentenced to death, was ill and that he would be hanged later.

The National Unity Committee, which rules Turkey, last night upheld death sentences for Menderes, Zorlu and Polatkan. They were among 15 former officials of the old Menderes regime which a revolutionary court sentenced to death. The committee commuted 12 of these sentences to life in prison. Among those spared was 77-year-old ex-President Celal Bayar.

Doctors yesterday used a stomach pump on Menderes. An analysis was reported to have shown traces of a heavy dose of sleeping pills. Menderes frequently received such medication in his trial, according to informants.

Zorlu, 52, served as foreign minister during the 10-year Menderes regime. The prosecution charged that he helped organize destructive anti-Greek riots in Istanbul in 1955 and accused him of mismanaging his high office for personal profit.

Polatkan, 45, was convicted of embezzlement and other violations.

In all, 592 persons were tried before a special revolutionary court at Yassiada. Most received prison terms ranging up to 15 yars. The court sentenced 31 to life and acquitted 123.

JURY CALLS FOR WIDER USE OF COUNTY POLICE RECORDS SYSTEM

Declares Co-operation Among Departments Is Essential for Efficient Law Enforcement.

Municipal police departments in St. Louis county were urged by a grand jury yesterday to participate in the central records system maintained by the county police department.

The May term jury, in its report to Circuit Judge Joseph W. Murphy, at Clayton, asserted that "co-operation among all law enforcement agencies is imperative for efficient and expedient police service."

Noting that the number of municipal departments reporting cases to the county records bureau has been increasing, the report said:

"This grand jury feels that full co-operation of all police departments in reporting is necessary for the protection of citizens and would be conducive to better police operations."

24 Are Participating.

A recent survey by the Post-Dispatch showed that 24 of the county's 41 full-time municipal police departments are participating in the county department's record system.

The jury praised the county department for diligence, particularly in suppression of gambling.

"Persistence on the part of the department's security division in making arrests and informing the public has succeeded in virtually eliminating this violation," the jury said.

"There have been many incidents where misguided and ill-informed individuals have violated the law in the course of raising funds for worth-while organizations or the stimulation of business for commercial enterprises.

"The grand jury strongly recommends that in the event of future infractions, arrests of responsible individuals of organizations or companies for aiding and abetting gambling and maintaining premises for that purpose be made, rather than the arrest of minor employes or enthusiastic volunteers of church, social and civic organizations.

Brentwood Dispute.

Commenting on a controversy that grew out of the Brentwood city election last April 4, the jury urged officials of that community to "tighten controls on city elections."

"Special attention needs to be given to the correct distribution and handling of absentee ballots and a more strict control exercised over election officials coming in and out of polling places," the jury said. "This grand jury maintains that unless precise procedures and controls are effected the vote of the citizens of Brentwood is not protected."

The jury repeated the urgings of previous grand juries on the need for new courthouse facilities to replace the old part of the present structure.

Referring to recent state legislation authorizing revenue bonds for courthouse construction, the jury declared, "It is imperative that a vigorous pursuit be made of this project by having the County Council assign it a high priority."

County Jail Warden George Kirchhoefer and Sheriff Frank L. Malone were praised by the jury for efficient operation of the jail "in spite of almost insurmountable obstacles."

The jury foreman was Charles W. DeWitt of Glencoe, an insurance broker.

POLICEMAN SHOOTS, WOUNDS ONE OF MEN ATTACKING HIM

Patrolman Charles Oatts, 4307 Lexington avenue, shot and wounded one of several men who accosted him early today when he was off duty and wearing civilian clothes, police reported. The incident occurred at Glasgow and Easton avenues.

Oatts, who is 23 years old, told police he was walking north in Glasgow shortly before 2 a.m. when three or four men approached him. One grabbed him, and as Oatts took his service revolver from its holster the man seized the barrel and they struggled over it, he reported. He fired one shot. His assailants fled, and he fired five more shots.

When Oatts went to Homer G. Phillips Hospital for treatment of an abrasion on the left eye, an emergency patient arrived in a taxicab. It was a man who had been shot in the abdomen. Oatts identified the man as one of his assailants. He said he was Wendell Windrom, of the 1300 block of Shawmut place.

Automobiles being towed up levee at Mississippi river parking area at foot of Delmar boulevard yesterday when water rose one foot in 30 minutes.

Man Hunted

Continued From Page One.

Johnson is not familiar with it, Stoddard County Sheriff Ralph Temples said.

Sheriff's deputies and Highway Patrol officers patrolled roads and watched highway intersections through the night without result. A contingent of 21 officers directed by Temples and Sgt. J. E. Pritchard of the Highway Patrol searched the area today, but by late morning Temples expressed the belief that Johnson had managed to escape last night. Nevertheless, he said, the search would continue.

The sheriff said last night's unseasonably cool weather in all probability forced Johnson to keep on the move.

Two Witness Stabbing.

The stabbing of Mrs. Johnson was witnessed by two office associates, Richard Krueger, 4704 Don Ron drive, Affton, and Charles Rahmberg, 35 Enfield road, Olivette. They reported that when Johnson appeared at the door of the office, his wife stepped around her desk to meet him.

A brief conversation followed. Johnson was heard to say, "You shouldn't have done it." He asked his wife to leave with him. She replied, "I won't go." Johnson seized his wife's arm and started to pull her toward the door. Police believe Johnson's remark was a reference to his wife's divorce plans.

Mrs. Johnson called for help. Krueger and Rahmberg related. Before either could go to her assistance Johnson drew a hunting knife and stabbed his wife five times, they said. He then fled into the corridor with the knife in his hand.

He apparently reached the street by the stairs, rather than by an elevator, but was not observed leaving the building. Mrs. Johnson was pronounced dead at St. Louis County Hospital.

Police Recall Incident.

Webster Groves police, recalling that they had been summoned to the Berry road address last Sept. 1, following a disturbance there, place Michael Johnson, 16, Mrs. Johnson's son by a prior marriage, in protective custody. The boy, whom Johnson was reported to have adopted, said that his stepfather threatened him Sept. 1.

Johnson also was reported to have struck Mrs. Bruce on that occasion. She declined to prosecute. Johnson, who was enraged and had a hammer in his hand when police arrived at the home, was not held then.

Mr. and Mrs. Bruce formerly owned the Greeley avenue home, which they sold to the Johnsons about five years ago. They moved to Lake Wappapello, in southeast Missouri, where Bruce operated a general store until recently. Johnson is reported to have had an interest in the store and assisted in the business on weekends.

The Bruces moved back to Webster Groves recently to care for Linda while Mrs. Johnson worked. Michael Johnson attends Webster Groves High School and works part-time in a Rock Hill food store.

ESTATE OF JACOB GASEN IS VALUED AT $286,000

An estate valued at $286,806 was left by Jacob Gasen, drug store manager and stockholder in Gasen Drug Stores, Inc., it was shown in an inventory filed yesterday in probate court at Clayton.

Mr. Gasen, who died of a heart ailment Aug. 11, left no will. His estate included stocks, bonds and bank shares valued at $237,857 and real estate valued at $20,072. He lived at 5815 Neosho street.

WOMAN STABS MAN TO 'FEEL BETTER'

Andrew Lewis, 101 South Fourth street, Brooklyn, was stabbed in the back with an ice pick yesterday by a woman who told police she thought stabbing someone would make her feel better. Lewis did not know the woman.

Lewis, 45 years old, was shopping at Glik's Department Store in Madison at the time. He is in serious condition at St. Elizabeth Hospital, Granite City.

Miss Cassie Mae Sparks, 1000 block of Calhoun street, Venice, admitted in a signed statement that she stabbed Lewis, police said.

She was booked suspected of assault to commit murder and transferred to the Madison county jail at Edwardsville. Bond was set at $10,000.

Before she is returned to Madison for a preliminary hearing before Police Magistrate John Bridick Sept. 30, Miss Sparks will be examined by a psychiatrist at the request of the state attorney's office.

Miss Sparks, 26 years old, said in her statement that she never had seen Lewis before nor did he say anything that antagonized her, police said.

She was quoted by police as saying she had been sick for a long time. She said she walked from her home to the store, walked straight to Lewis and stabbed him in the back.

After the stabbing, Lewis turned around and grabbed her but she broke free and ran, Miss Sparks said. She was arrested about two blocks away by Police Chief Barney Fraundorf.

Miss Sparks told police she has been at Barnes and Homer G. Phillips hospitals for observation.

FARM OWNER SHOT IN LEG, ROBBED; CARETAKER SOUGHT

George W. Wollmershauser, 71 years old, who operates a plumbing firm at 20 North Ninth street, was shot in the leg last night and robbed at a farm he owns in Perry county. He is in fair condition in Perry County Memorial Hospital, Perryville, Mo.

Perry county sheriff's deputies said they are seeking the caretaker on Wollmershauser's farm. They said he shot Wollmershauser in the legs with a shotgun, robbed him of $50 and robbed his wife Vivian of $80. They said the man then drove away in Wollmershauser's 1958 model automobile.

Mrs. Wollmershauser said her husband hired the man to care for the farm three weeks ago. The pair lives at 6113 Gravois avenue, but spend weekends on the farm, about five miles northwest of Crosstown, Mo. Mrs. Wollmershauser said the caretaker robbed them as they drove up to the farm at 6:30 p.m. and fired at her husband after he picked up a pitchfork. Crosstown is about 60 miles southeast of St. Louis.

RISING RIVER LAPS AT CARS PARKED ON RIVERFRONT

The rising Mississippi river forced owners of automobiles parked on the downtown riverfront to move their cars to higher ground yesterday.

The drivers were alerted by police that the water was rising rapidly. Police moved cars of 22 persons who could not be found to streets and parking lots.

Stage of the Mississippi river here this morning was 26 feet, a rise of six feet since yesterday. The river is expectd to crest Monday at 32 feet, two feet above flood level. The Missouri river at St. Charles rose 3.2 feet to 27 feet and is expected to crest at 31½ feet Monday. Flood stage there is 25 feet. No serious damage is expected in the area.

Col. Alfred J. D'Arezzo, Army district engineer, urged boat owners in pools of Dam 24, 25 and 26 on the Mississippi to check their mooring facilities to be sure they are adequate. He said the pools will be operated on open river conditions with the gates of the dams out of the water.

10 YOUTHS FINED IN RAID ON EAST SIDE TAVERN

Ten youths, ranging from 15 to 20 years old, were fined for buying and accepting intoxicating liquors last night in Radison's, a tavern on Illinois Highway 3 about four miles from the Jefferson Barracks bridge.

About 60 young person, many from St. Louis and St. Louis county, were in the tavern when 16 Illinois State Police and officers from the Monroe county sheriff's office entered. The 10 youths arrested were fined $25 each by Justice of the Peace Lawrence Cowell at Waterloo.

Sheriff Joseph McCarthy of Monroe county said that Pete Radison, operator of the tavern, had been warned numerous times about selling liquor to minors. Radison was placed under $3000 bond after being charge with selling and dispensing liquor to minors. His mother, Mrs. Mary Radison, owner of the building, was charged with permitting sale of liquor to a minor. Her bond was set at $3000. Tow barmaids and two bartenders were placed under $2000 bond after being charged with selling liquor to minors.

KIWANIS KIDS DAY HELD

More than 650 underprivileged children from St. Louis celebrated National Kiwanis Kids Day today at Camp Wyman, on Highway 66, in Eureka, Mo.

The children were entertained by movies, a magician and a dancing troupe. Lunch and refreshments were served. Sponsors of the party were Divisions 6, 7 and 8 of the Kiwanis Clubs of Missouri.

KWK HEAD TELLS OF EFFORTS TO PROTECT 'HUNT'

Testifies He Approved Contest After Being Assured It Would Not Be Harmful.

Andrew M. Spheeris, president of Radio Station, KWK, testified yesterday he approved the station's "Treasure Hunts" last year after being assured essential precautions would be taken to prevent "any damage to property or people."

"After Jones assured me these precautions would be taken, I gave my approval," Spheeris said. William L. Jones Jr., general manager of the station at that time, originated the idea of the "Treasure Hunts," Spheeris testified.

Spheeris was the only witness yesterday in a hearing being conducted by the Federal Communications Commission here as to whether the station's license should be revoked on the ground that KWK defrauded listeners in the course of various contests.

"Jones felt we needed additional promotion for the station, and he said this type of promotion had been successful," Spheeris said. "He told me he would have this prize buried in a place where it would not cause any damage, either private or public."

A wild scramble resulted in Tower Grove Park in one of the hunts when the prize, a capsule containing a $1500 certificate, was found there. A riot squad of 15 policemen had to rescue the winner from other contestants trying to take the capsule from him.

Donald E. Hamel, sales manager of KWK, testified Thursday that prizes in two KWK "Treasure Hunt" contests were not hidden until at least three weeks after the contests began.

Spheeris testified it was his understanding that the prizes were hidden at the beginning of the hunts.

"When you learned a representative of the Federal Communications Commision had been to the station inquiring as to the time the prize was hidden, were you concerned?" Thomas B. Fitzpatrick, FCC attorney asked.

Spheeris replied that he was concerned and questioned Jones about the FCC investigation.

"Jones minimized all the items the FCC representative had interrogated him about," Spheeris said. 'Jones told me there was no foundation at all to the suggestion that the prizes had not been hidden on time."

Spheeris indicated that prior to that he "had accepted Jones's statement that the prizes were hidden at the start of the contest. I assumed it was done the first day of the contest."

U.S. Art Exhibit in Belgrade.

BELGRADE, Sept. 16 (AP)—An American exhibition of 84 modern paintings was opened here last night by United States Ambassador George F. Kennan.

Aldermanic Delay to Be Sought On Vetoed Building Code Change

Committee Wants to Hold Hearing and Defer Action on Whether to Override Mayor Tucker.

The Board of Aldermen will be asked to defer action on whether to override Mayor Raymond R. Tucker's veto of a bill amending the city's new building code when it meets next Friday.

William J. Ruoff, chairman of the new Building Code Review Committee, said the committee planned to hold a public hearing on the merits of the vetoed amendment, and wanted the aldermen to postpone consideration until the committee can make a recommendation.

The committee scheduled the hearing for next Friday, the same day the aldermen are due to consider the amendment. Ruoff said a letter would be sent to Aldermanic President A. J. Cervantes asking him to request the board to defer action until the following Friday, Sept. 29.

Both supporters and opponents of the amendment, which would have modified certain provisions in the electrical section of the building code, will be invited to state their views at the hearing, Ruoff said.

The building code review committee will then recommend to the aldermen whether the amendment should be overridden or sustained, or whether it should be changed or entirely rewritten, Ruoff explained.

Mayor Tucker vetoed the amendment last June 6, saying it "would merely increase the cost of construction." The amendment, proposed by Local 1 of the International Brotherhood of Electrical Workers and indorsed by some electrical contractors, would have required the use of metal conduit in all new construction, and in the repair or remodeling of existing buildings, except for residences occupied by fewer than five families.

The amendment had been passed by an 18-to-10 vote. Twenty votes will be required to override the veto. There are 29 members of the Board of Aldermen.

HEAD OF C. & E.I. AGREES TO SELL STOCK TO L. & N.

Special to the Post-Dispatch.

CHICAGO, Sept. 16—David O. Mathews, president of the Chicago & Eastern Illinois Railroad, said yesterday that he and some other directors of the company have agreed to sell stock to the Louisville & Nashville Railroad. Merger of the two railroads is under study, he said.

The L. & N. announced yesterday it would apply to the Interstate Commerce Commission for authority to control the C. & E. I. and had arranged to purchase more than 90,000 shares of the common stock of the railroad at $13 a share.

The Missouri Pacific Railroad last month purchased 14 per cent of the capital stock and other securities of the C. & E. I. Missouri Pacific last year had considered a merger with the C. & E. I., but those plans were dropped last December.

William Kendall, president of the L. & N., said the purchase by Missouri Pacific of a substantial interest in the C. & E. I. does not, in the opinion of the L. & N., "present a conflict between" his company and the Missouri Pacific.

FILLING STATION MAN SAYS YOUTH SEIZED $150 AND RAN

John Rosson, attendant at a filling station at 2045 St. Clair avenue, East St. Louis, reported to police last night that a youth grabbed a money box containing about $150 from a display case and ran.

In another filling station robbery in East St. Louis yesterday, Howard Johnson, operator of a station at 1323 North Ninth street, was held up by two men who fled with $60.

EIGHT ACQUITTED OF CHARGE OF VENDING MACHINE FRAUD

A verdict of not guilty was returned yesterday in the trial of eight defendants charged with mail fraud in the sale of vending machines. The trial lasted 18 days in the court of United States District Judge Randolph H. Weber. In an earlier phase of the case a mistrial had been declared after three weeks testimony.

The defendants, each of whom took the witness stand to deny intent to defraud purchasers of vending machines, were Peter A. Krane, former president of General Products Manufacturing Co.; Donald Garrison, Clovis Ooley, Vern F. Hawkins, Jack M., DeWees, William Dardick, Eugene Dardick and William P. Krueger. All were associated as officers or salesmen with General Products and two related firms here.

EX-CONVICT WAIVES HEARING IN COUNTERFEITING CASE

Vernon M. Belt, a former convict, waived preliminary hearing when arraigned at East St. Louis yesterday on charges of counterfeiting and possession of counterfeiting equipment.

He was arrested by Secret Service agents Thursday night at his home in the 2400 block of Donna drive, Centreville. A mold for making half-dollars was seized, and also a quantity of coins. Agents said he told them he learned counterfeiting when in prison.

STUDENT KILLED WHEN CAR RAMS BRIDGE GIRDER

Medical Trainee Apparently Loses Control of His Auto on MacArthur Span.

Eugene Freehill, a medical student at St. Louis University, was killed early today when his automobile crashed against a girder on MacArthur bridge. He was driving alone when the accident occurred, at about 2:40 a.m.

Freehill was 26 years old and lived at 3624 McRee avenue with his wife and their two children.

Mrs. Freehill said it was her husband's practice to study each evening in the library at Cardinal Glennon Hospital and then go for a ride to relax.

The crash occurred on the St. Louis side of the bridge, over Wharf street. The machine ran over a curb, evidently when the driver lost control, and then under a girder that slants up from the deck of the bridge. The car was wedged under the girder.

CAB FIRM STRUCK BY TEAMSTERS AT LAMBERT FIELD

A strike by Teamsters Local 405 against the Air Flight Taxicab Co., began today in a contract dispute. The firm is one of five cab companies serving Lambert-St. Louis Field.

The dispute has not affected service by other firms at the airport. The union came to terms with the four other firms —Airport, Airway, Air Terminal and Jetport.

A spokesman for the strike-bound firm said his company resisted efforts of the union "to dictate the hours we can operate our equipment."

He said the strike involves 15 drivers who lease cabs from Air Flight. The other firms not affected by the strike own their own equipment and employ 54 drivers, he said. Union spokesmen could not be reached for comment.

Letters from the People

Speaking of Regret

I must take issue with a recent letter wherein the writer, evidently with some feelings of disgrace, recalls that the United States was the first to use the atom bomb which caused the death of numerous "non-combatant" women and innocent children when dropped on a "non-military" target.

I cannot but agree that the death of innocent children is regrettable. It was regrettable in England as well. In the second World War, there were few if any non-military targets. As waged by Japan, it was a war of attrition. The women were not completely non-combatant. Who bore and nursed the soldiers of Japan? Who supported the emperor and his war effort with their labors? From whence came the murderers of Bataan and numerous other places if not from the women of Japan?

There are two issues of non-combatants which the writer did not mention. How many men were made non-combatants by the suddenness with which the war was brought to an end as a result of the bomb? Were not the men of the Arizona and other Pacific fleet units non-combatants at the time of their death? We were at war with no one on the day of infamy. How then could they be combatants?

It is indeed regrettable there are now those amongst us who now lament the action that brought a sudden end to the carnage. I personally support this action which brought home to the people of Japan the meaning of the word carnage as well as a realization that war is hell. As a human being I can sympathize with them, but not at the expense of my dead comrades in arms and my wounded and disabled countrymen.

Of Tolls and Taxes

Your editorial stated that East St. Louis's objection to the proposed Poplar street free bridge was a pocketbook objection, irrelevant and obviously self-serving. Many of us remember that the MacArthur Bridge was, according to its charter, to be forever free. The temporary toll instituted as a relief measure during the depression of the thirties became permanent.

Also, the imposition of the Missouri state income tax and the St. Louis earnings tax on Illinoisans employed in St. Louis, places St. Louis in the top position as a self-server.

L. Gibson
Troy, Ill.

Bring Back School Passes

Educators should not be surprised if there are more "drop outs" from high school this term because of the high cost of public transportation. It is really tough going financially when there are several in a family going to high school.

I know of one child who is a Track I student who is likely to be forced to drop out, because her widowed mother is unemployed and cannot afford $3 a week bus fare.

Our family has always lived frugally and could hardly keep going on what my husband made. Now what with one child paying 64 cents a day bus fare, another 50 cents a day bus fare it makes one wonder how long can one hold out.

I cannot imagine my child giving his teacher a note stating that the reason for his absence from school was lack of bus fare.

But this is a tragic situation and I know there are other parents facing it. I know that most parents will have too much pride to embarrass their children by admitting that three or more dollars a week is too much of a financial obligation for them to meet.

I know of no way to bring back the school bus pass. But I am hoping ing that someone can.

A Mother Concerned

While There Is Time

Neither Russians nor Americans want war, but if personal and, in turn, public opinion does not become strongly known and overshadow militaristic aims, we may be faced with our hopeless holocaust.

It is a time for us as individuals to actively express our beliefs before fighting for them becomes the only way left to express ourselves.

Each sonic boom, no matter how detestable, should wake us up to the precarious state of the world. We must accept them along with our high speed standard of living. May the anger that they sometimes inspire in us be the catalyst in our individual attempts to be heard.

Clayton **Wilton P. Husch**

The Jalopy Workers

The plight of our migratory farm workers has long been an anomaly in a prosperous industrial society. It is a depression residue, like a jalopy among limousines. With the urging of the Kennedy Administration, Congress is at last showing something besides indifference toward the migrants' conditions.

Recently the Senate passed five bills to assist the half million native American migratory workers. Backed by Senator Williams of New Jersey, the most important would authorize about $2,000,000 annually for five years for federal aid to education of children of migratory workers. Their education is haphazard indeed. Yet the sum involved in schooling them is a good deal less than that just voted by the House for eradication of hog cholera.

Other bills provide for federal grants for public health aid to the workers, for Labor Department registration (and thus some control) of farm labor contractors, for restrictions on child labor and for a National Advisory Council on Migratory Labor. All of these are constructive measures but the House will not act upon them, if it does, until next year. The most immediate hope of ameliorating conditions of migratory workers lies in a Senate amendment of a House bill extending the Mexican farm labor program for two more years.

Mexican braceros generally enjoy better working conditions than American migrants because the former are protected by international agreement. But the 50 cents an hour guaranteed to the braceros has become a wage ceiling for all farm workers in some areas where Mexicans are employed, Secretary of Labor Goldberg says. Such pay is not much more than half the national average hourly pay of 97 cents for farm work, and that sum is hardly excessive.

When the Senate passed the extension of the bracero program, it also voted by 42 to 40 for an amendment by Senator McCarthy of Minnesota. The amendment provides that Mexican workers must be paid 90 per cent of the average farm wage in the nation or in the state where they are working, whichever is lower. The effect would be to set a higher wage level for both Mexican and American migrants, by preventing the former from depressing wages of the latter. Will the House now accept the proposal?

Some big farm organizations invent elaborate defenses for existing conditions in which profits are sometimes based on misery. But is there any excuse for using foreign workers to depress the already depressed status of native workers? Last June a group of Protestant, Catholic and Jewish religious leaders issued an unusual joint Declaration of Conscience stating that relief for our migrants is "an inescapable moral responsibility." That responsibility was put where it belongs—in Congress.

More Education—for Whom?

The National Safety Council report showing that St. Louis has the worst traffic safety rating of the six cities in its group comes at a good time. It comes as Mayor Tucker's pedestrian safety campaign ends its first 30 days and stock can be taken of what has been achieved. Even an optimist is hard put to find encouragement in a comparison of the National Safety Council report with a study of the St. Louis safety campaign thus far.

The safety committee's decision to extend the educational phase of the campaign for another 30 days before substituting summonses for warnings is not encouraging. Criticism has been directed at the police for issuing only 3432 warnings instead of an anticipated 21,000. It must be admitted that motorist is about as much to blame as pedestrian, and yet only 6 per cent of the warnings have gone to motorists.

If there are to be 30 days more of so-called education, a way must be found to be sure that the motorist has a better chance to participate in this educational process.

Although school children are counted on to carry safety literature home and news media to aid in wide dissemination, this is unlikely to be enough. Many of the violators of the pedestrian safety ordinance simply will not respect it until they are penalized. At the same time that the educational campaign is being carried on more briskly, there is no reason why more summonses cannot be issued for flagrant violations.

Unless a more effective effort is made during the next 30 days than was made during the first 30 days, a month may be wasted. And if the campaign stays on dead center for another month what hope will there be for its success?

Dubious Method on Drugs

Secretary Ribicoff has testified in favor of legislation to require drug makers to demonstrate the efficacy of a new drug to the Food and Drug Administration before it may be marketed, but we have considerable misgivings about the method proposed.

Unquestionably it is desirable to keep worthless drugs off the market. The question is whether trying to do it this way might not do more harm than good. It could take matters of medical judgment out of the hands of the medical profession and place them in the hands of a Government agency. It presupposes that the efficacy of a drug can be dogmatically demonstrated, and that the FDA is qualified to determine whether the demonstration is a failure or a success.

What we fear is that the FDA could become even more entrenched against new ideas than some parts of the medical profession have been. And except in open-and-shut cases of outright quackery the most capable panel of experts would be likely to disagree about the efficacy of a new product. Since most if not all drugs are harmful in some respects as well as helpful in others, we have a right to demand regulation to insure that a drug is relatively safe enough to justify its use. But can we be sure that any method as abrupt as a regulatory proceeding can lay down a correct judgment on a drug's efficacy? Determination of efficacy is a more subtle and time-consuming procedure than that.

Certain minimum standards for clinical testing might well be required of drug houses before a new product is put on the market—a specified amount of tests over a specified period of time, say. But the final responsibility for the exercise of judgment has to rest with the physician. If a drug came to him with the seal of approval of the Government as to its efficacy he might be inclined to shirk that responsibility.

When the quick speculative profits can be taken out of the drug industry, the marketing of useless or not very useful drugs will be curbed about as far as it is within the power of Government regulation to do it. And if the medical profession could be roused into informing itself thoroughly about a drug before prescribing it, we might be as far along toward perfection as human fallibility allows.

And Now the House

The suspicion and hostility which the Administration bill to set up a Disarmament Agency met in the Senate will do America little credit abroad. Fortunately the Senate did act favorably on the bill, overriding the various forms of opposition expressed by Minority Leader Dirksen of Illinois, Senator Goldwater, and Chairman Richard Russell of the Armed Forces committee, to pass it 73 to 14. We hope the House will do the same.

Admittedly this is not the best time in the world to be talking about disarmament, but if it becomes known around the world that the United States Congress considered and rejected a proposal to spend on peace plans a trifling proportion of what it spends on military measures, our reputation as a peace-loving nation will hardly be enhanced.

Nor is this by any means the only reason for passage of the bill. Whether other peoples admire us for it or not, the United States ought to undertake greatly expanded efforts toward disarmament to prove true to ourselves. Senator Goldwater argued that to set up a Disarmament Agency might convince the world that we are not willing to fight. On the contrary, the failure to set up the agency would indicate that we are not willing enough to seek alternatives to war. That would be an unfortunate admission to make to ourselves, let alone to people everywhere who look to us for leadership.

Actually the danger in setting up a Disarmament Agency is of another order altogether. Too many Americans may think that this is all that need be done—appoint some experts, give them some money, and forget about the matter. More than this, we need a profound national consensus that disarmament in fact offers the only rational course for a world that has too long lived with the peril of suicide. We need to mobilize all our resources of leadership to make disarmament the paramount objective of national policy.

Merely setting up the Agency will not get these things done. But failing to set it up would make them immeasurably harder.

East St. Louis Is In

East St. Louis's City Council has given the Bi-State Development Agency a helpful boost toward creating the area-wide transit operation that Metropolitan St. Louis needs so desperately. It has agreed to pay its $5000 share of the $100,000 Bi-State must have to finance appraisals of the area's 15 privately-owned transit systems preparatory to a negotiated purchase.

Belleville and Alton have made arrangements for similar contributions, and St. Louis county has indicated its $40,000 share will be forthcoming when needed. Mayor Tucker and Comptroller Poelker will recommend that the Aldermen put $40,000 for the city. That leaves only Granite City still to be definitely committed, and the atmosphere there is said to be favorable to the project.

All in all the response to Bi-State's appeal for help in financing the appraisals has been both prompt and responsible. The executives and legislators of the principal local governments on both sides of the Mississippi understand that a unified transit system will produce economic benefits in their jurisdictions and in the area as a whole. Let us hope that Bi-State now can work out a program for getting the appraisal work started in the next few weeks. The sooner that hurdle is cleared the closer the people will be to running their own bus lines.

Beyond Quantity

The successful showing which some of the smaller magazines have made in the first half of 1961 provides a bright and hopeful spot in that volatile, sometimes distressing field of publications. While the advertising revenues of mass circulation magazines—*Time*, *Life* and the *Saturday Evening Post* among them—were declining under the impact of a business recession, *Harper's* revenues moved up an impressive 11 per cent; *The Reporter* an even more whopping 52. *The Atlantic* showed a gain of 7 per cent, the *Saturday Review* 2 per cent.

If this is an augury, and we hope so, it is a good one. Quantity is certainly one index to the value of a publication, but it is not the only one, and not necessarily the best. Overpreoccupation with it has produced the demise of some superior magazines and the success of inferior ones, at a decided loss to the country on both counts. A magazine may exert any degree of influence on the reader all the way from the negligible to the profound. He may toss it aside and forget it after a quick run-through, or preserve it after a full reading. He may be interested in what he reads in it only so long as he is reading it, or he may remember it a long time, and perhaps preserve it.

A magazine's integrity and courage, the range and dependability of its information, the things it stands for, its determination to make the world a better place to live in rather than merely to exploit it as it is—all these are, we believe, more important than circulation figures, and better indexes to effectiveness. If these qualities, as well as quantities, are beginning to make an increasing impression upon advertisers—so much the better for the future of publications worth publishing in the United States, and for that of advertising as well.

Aging Leaders

It is interesting to note that although labor unions have always indorsed the social security system more than half the members of the AFL-CIO Executive Council are past the new social security optional retirement age of 62. Few unions have compulsory retirement rules and labor leaders, like politicians, seem to hang on as long as they can hold the reins of power. This may account in part for the rise of Hoffa of the Teamsters, who is a vigorous 48. George Meany, head of the AFL-CIO is 67; Walter Reuther, who would like to succeed him, is 54. The last time there was a major flow of young men into union leadership positions was in the 1930s, when the mass-production industries were organized. Aging leaders should be bringing up young men to succeed them. Failure to do so will damage labor unions as much as any human institution that permits decay at the top!

"YOU ARE ACCUSED OF HAVING CIRCULATED THIS OLD PETITION OF OURS."

Planning a New State University

Florida Planned Entire New Campus Near Tampa, Now Open and Growing Year by Year

John S. Allen and
John W. Egerton in
State Government

One of the most ambitious development programs ever undertaken by a state in the history of American higher education is now under way in Florida. During a 15-year period which began in 1955, the state will have created three new universities and more than 20 two-year community colleges to meet the demands of a burgeoning population.

First of the new state universities is the University of South Florida, which opened in Tampa on Sept. 26, 1960, with 1997 freshmen in its initial class. The University will add a class every year until it attains four-year status in 1963, and estimates are that 10,000 students will be enrolled before 1970.

The Mirror of Public Opinion

The University of South Florida is the first institution in modern times to be planned from the beginning as a state university.

The responsibility for all public education in Florida rests in the State Board of Education, which consists of the Governor, the State Superintendent of Public Instruction, and three other members of the State Cabinet. The Legislature in 1905 created the Board of Control for State Institutions of Higher Learning, and gave it the responsibility for establishing policy and overseeing general operation of the state universities, subject to approval of certain items by the State Board of Education.

Early in 1954, the Board of Control, with the concurrence of the State Board of Education, authorized a study to be made of higher education facilities and needs. This and subsequent studies have predicted that Florida college enrollment by 1970 will be close to 160,000, an increase of more than 300 per cent.

On the basis of these findings, the Board of Control requested funds from the State Legislature for establishment of a degree-granting institution in the Tampa Bay area. It was also recommended that this be followed up later with the establishment of a degree-granting institution on the lower east coast and, still later, with another degree-granting institution in the Pensacola area.

Finally, it was recommended that the state plan to create 18 additional community junior colleges in the thickly populated areas of the state. Junior colleges in Florida are considered an extension of the public school program; they are under the jurisdiction of the State Board of Education, not that of the Board of Control.

In the meantime, Hillsborough county, in which the city of Tampa is located, had been active through its legislative delegation in getting the 1955 Legislature to pass an enabling act. The county also offered 1700 acres of land as a site for the institution.

The site is located nine air miles northeast of downtown Tampa, just outside the city limits. It is, however, in an urban setting, with 1,000,000 people living within a radius of 50 miles. The location was important since the institution would open without dormitories, and its charter students would commute to the campus for classes.

The 1957 Legislature, prior to its adjournment in mid-June of 1957, appropriated $8,602,000 for buildings and equipment and $140,000 for salaries and expenses for the initial planning staff for the 1957-59 biennium.

In June, 1957, the Board of Control formally nominated John Stuart Allen to serve as President of this new institution. There were some citizens of the state who questioned the need for a president when the institution had no buildings, no students, and no faculty. Subsequent experience has shown, however, that one individual, with the proper responsibility and authority, is essential to the orderly planning and co-ordination of the educational program.

It became clear that if the institution was to open in September, 1960, there was no time to design the buildings sequentially, but rather the first group of buildings would have to be designed simultaneously. Therefore, an advisory body of five architects proposed that they form a group to enter into one contract with the Board of Control to produce the plans simultaneously for the first set of five buildings.

In the planning of buildings, five basic principles have been followed:

First, by planning buildings in units costing $1,000,000 to $2,000,000 efficiency can be gained in construction costs and in use.

Second, all the first buildings at the university have been planned for two or more uses, so that they will be fully utilized in the beginning as well as when they receive their ultimate use.

Third, special classroom and laboratory facilities must come first. A classroom equipped for the teaching of zoology can be used for teaching some other subject, such as history or economics, but the reverse is not true. Therefore, it was decided to provide the special classrooms first, as they can do double duty.

Fourth, the size and type of each lecture room, classroom and laboratory must be determined by its functions and the uses that are to be made of it. It is wasteful to plan rooms to be larger than needed. It is wasteful to plan all rooms the same size. Small classes can use smaller rooms, and larger rooms of varying sizes should be available for larger classes.

And finally, it is wasteful and unnecessary to have buildings ready long in advance of their need, but it is disastrous to the educational program to have them become available after the need has already materialized.

The "lead time" needed between legislative appropriation and the time

the building can be ready for use is, for the University of South Florida, 30 to 36 months. The time required for original planning and for consideration by the Board of Control and the State Budget Commission is one year before the Legislature meets. This means that the lead time which the university officials must take on buildings is about four years.

Thus, in 1960, it was necessary to plan specifically for buildings which will be needed not later than 1964, and to chart general needs on through to 1970.

Between Book Ends

THE PEOPLE OF ECUADOR: A Demographic Analysis, by J. V. D. Saunders. No. 14 in the Latin American Monographs Series. (University of Florida Press, 62 pgs.)

The significant contribution to Latin American study being made by the University of Florida Press in the issue of its monograph series is emphasized by publication of "The People of Ecuador."

Studies in depth on Latin American issues are none too ample. Data for writing background on each of the countries making up the Western Hemisphere is scanty and what is available is none too reliable. But occasionally some useful background data is provided—and this is the case with "The People of Ecuador."

The author, a student of rural sociology, has studied and taught in Ecuador. Basing his study in part of observation and personal records and in part on Ecuador's 1950 census—its first—Mr. Saunders repeatedly points to the rural character of the Ecuadorian population.

"Some idea of the rurality of the population can be gained by a consideration of the fact," he writes, "that 51.3 per cent of the entire urban population of Ecuador is found in the cities of Guayaquil and Quito, the remainder being thinly spread over the rest of the country."

Mr. Saunders's study will be useful and basic material for any student of Latin America.

James Nelson Goodsell

THE ECONOMIC INTERPRETATION OF HISTORY, by Edwin R. A. Seligman. (Columbia University Press, 166 pgs., $1.50.)

This classic study of the effect of economic causes on human history was published originally in 1902. Seligman discusses the development of the doctrine, in the writings of Karl Marx and elsewhere. He thinks Marx's version exaggerated, but says the economic interpretation has served the good purpose of directing attention to momentous factors in human progress, previously neglected.

"The emphasis is now put upon social growth," he says in a summing up, "and national as well as international life is coming more and more to be recognized as the result of the play and interplay of social forces."

AGAINST THE RIVER, by Leslie Konnyu. Translated by Joseph Gross. (European Heritage, 80 pgs., paperbound, $3.)

This is a new collection of verses by the Hungarian-born St. Louis poet, Leslie Konnyu. It is larger than his previous book, "Bond of Beauty," and contains both the Hungarian and English texts. The book is divided into three sections containing poems written in Hungary (1934-1945), in Austria (1945-1949) and in America (1949-1960).

The first section comprises more than half of the book and is more conventional in tone than the other parts. However, sometimes a fresh, striking image or idea comes forth, as in "My Apple Tree Turned Mad." The second section has overtones of World War II. One poem in particular stands out, "The World Has Greatly Changed," with a poignancy reminiscent of Villon's ballades. In the final section Konnyu uses short rhythms with strong effect, as in a dialogue between a lady and a man on the theme of infidelity and suicide. The title poem, in an autobiographical style resembling Landor's, concludes the book.

Charles Guenther

STUDENTS CALLED MORE CONSERVATIVE

A strong conservative movement is in evidence on college campuses across the nation, Leonard Nadasdy of Minneapolis, chairman of the Young Republican National Federation, said here yesterday.

The 30-year-old G.O.P. leader said the trend toward moderation results from concern over increasing world tensions and "disillusionment with liberal concepts which have failed to achieve their goals after 20 years of testing."

Nadasdy is in St. Louis to attend a three-day convention of the federation at Chase-Park Plaza Hotel. More than 150 state young Republican chairmen, national committee members and other party leaders, are attending workshop and planning sessions which end tomorrow.

Groups on Many Campuses.

The federation chairman reported young Republican groups are springing up in universities and colleges in all sections of the country, with membership expanding rapidly. The obectives of the federation, he explained, is to continue to build these organizations to aid the drive for election of a Republican House of Representatives next year.

Political movements traditionally have their start among college students, Nadasdy contended, and the present conservative movement indicates increasing prospects that the G.O.P. will win control of the House in the next Congress.

He said President Kennedy was elected last year because the Democrats, generally speaking, had more effective campaign organizations in most states. It did not indicate a liberal trend, he contended, because the Republicans gained 21 seats in the House and two in the Senate.

Women Workers.

Nadasdy reported the federation plans to send field men into many states, including Missouri, to organize groups of young persons as active campaign workers.

Mrs. Patricia Hutar of Chicago, federation co-chairman, said women have proved to be excellent precinct workers. "They have more time than men to do the door-to-door canvassing and are dedicated to their work," she said.

United States Representative Robert Wilson of Chula Vista, Calif., will speak at a convention banquet at 7 o'clock tonight. Wilson is chairman of the Republican congressional campaign committee, recently taking over the job from Representative William E. Miller of New York, who resigned after being elected chairman of the Republican National Committee.

OVERTON BROOKS OF LOUISIANA DIES

WASHINGTON, Sept. 16 (AP) —Representative Overton Brooks (Dem.), Louisiana, chairman of the House Committee on Science and Astronautics, died today at the naval hospital in suburban Maryland. He was 63 years old.

His office said he died of a heart attack. He had entered the hospital Monday for treatment of pneumonia.

He was first elected to Congress in 1936 and had served continuously since then.

He became chairman of the House space committee when it was created two years ago.

Mr. Brooks was the fourth member of the House to die this year. The others were Representatives W. F. Norrell, (Dem.), Arkansas, Walter M. Mumma, (Rep.), Pennsylvania, and B. Carroll Reece, (Rep.), Tennessee. Their seats were filled by special elections.

Mr. Brooks's death leaves the House membership at 436—with 262 Democrats and 174 Republicans.

Representative George P. Miller, (Dem.), California, will become chairman as the next ranking Democrat on the space committee.

BELOW NORMAL TEMPERATURES IN NEXT 30 DAYS

WASHINGTON, Sept. 16 (AP) — The Weather Bureau said yesterday its 30-day outlook for mid-September to mid-October calls for temperatures to average below seasonal normals over most of the nation.

However, temperatures are expected to be above normal over the Northeast and near normal in the Middle Atlantic states, the West Coast states and Florida. The bureau said the central plains are expected to be the area of most unseasonable coolness.

Precipitation is expected to exceed normal along the West Coast and Atlantic seaboard, the bureau said, with subnormal rainfall indicated for the northern plains and for the lower Ohio valley and Tennessee. Elsewhere, about normal amounts are in prospect.

2403 INITIAL JOB BENEFIT CLAIMS IN WEEK IN THIS AREA

Initial claims for unemployment insurance in the city and county for the week ended yesterday totaled 2403, which is 29 above the number filed last week, the Missouri Division of Employment Security announced. The figure was 772 below that reported for the same week last year.

Continued claims for the week totaled 13,493. The division said this was 600 above those reported last week, but was 1858 below the number filed in the corresponding week last year. A total of 278 temporary initial claims and 3028 temporary extended claims were reported by the division.

The division said the seasonal improvement in the local economy is reflected in the comparatively low level of claims for unemployment insurance.

FUNERAL SERVICES MONDAY FOR MRS. JOHN T. DUMONT

Funeral services for Mrs. Marie Duffy Dumont, wife of an insurance agency owner here, will be Monday at 9 a.m. at Mary Queen of Peace Catholic Church, 678 West Lockwood avenue, Webster Groves, with burial in Calvary Cemetery.

Mrs. Dumont, 55 years old, died of heart disease Thursday at DePaul Hospital. Her husband, John T. Dumont, was former chief deputy in the License Collector's office where he was employed for 27 years. Also surviving is a son, John T. Dumont Jr., of St. Louis. Mrs. Dumont lived at 8 Cambridge court, Glendale.

DOOLEYS IN BREAK WITH MEDICO GROUP

Relatives and friends of the late Dr. Thomas A. Dooley have broken wih MEDICO, the medical missionary organization founded by him, and have formed a different agency, it was announced yesterday at San Francisco.

The new organization, the Dr. Tom Dooley Foundation, Inc., was chartered in California by Dr. Dooley's mother, brother and three physicians who worked with the St. Louis doctor in Laos and other areas of the world.

Dr. Verne Chaney, Monterrey, Calif., one of the officers of the new foundation, said the group was acting because MEDICO was becoming a semi-governmental organization. It was founded to provide jungle hospitals for natives.

Personal Contact.

"The hearts and spirits of men must be won on a heart-to-heart and spirit-to-spirit basis," he said.

Mrs. Agnes Dooley told the Post-Dispatch that since her son's death from cancer last January MEDICO had become associated with the Government's Peace Corps and with other medical groups.

"We wanted to keep the personal contact sought by my son," she said. "He did not want his organization to be part of the Government."

Dr. Dooley's brother, Malcolm W. Dooley, a New York investment broker, described the Dr. Dooley Foundation as "a simplified and direct form of continuing to bring medicine to isolated areas of the world." He formerly was an officer of MEDICO.

Skouras on Board.

The other physicians who helped found the new group are Dr. Emanuel Voulgaropoulos, Lowell, Mass., and Dr. Carl Wiederman, New York.

Also on the board of directors are Eugene Burdick, co-author of the novel, "The Ugly American," and Spyros Skouras, a former St. Louisan, of Twentieth Century Fox Studios.

Dr. Chaney said the foundation intends to send medical teams abroad to give medical aid and help start community health projects. The first work will be done in Asia, he said.

Headquarters will be in San Francisco. The first year's goal will be $250,000, to be raised from public contributions, Dr. Chaney said.

KOREAN WAR CALLED BENEFIT TO U.S. DEFENSE PLANNING

The United States profited from the Korean conflict and now has a combat-ready military reserve to call in case of war, three Air Force officials said yesterday at the Press Club of Metropolitan St. Louis, 818 Olive street.

They agreed that St. Louis would be a prime target in case of a nuclear attack because it is an industrial center in the "heart of the country." The speakers were John A. Lang, deputy assistant to the Secretary of the Air Force, Brig. Gen. Cecil Lessig, commander of the Fifth Air Force Region, Selfridge Air Force Base, Mich., and his deputy for reserves, Brig. Gen. John Richardson.

In touring the various reserve centers, the three said they found reservists proficient and psychologically ready for combat in case of an emergency. They discussed also the objectives of the Fifth Air Force region. At the meeting, Jack Daniels, a reserve colonel, received a Reserve Officers Association citation for his unit, the 8582nd Air Force Recovery Group.

NEW DISMAS HOUSE BEING OPENED IN NEW YORK CITY

The opening of a new Dismas House in New York City was announced today by Morris Shenker, president of the Father Dismas Clark Foundation. The New York establishment is patterned after the Dismas House here.

Shenker said it is estimated that $80,000 will be necessary for the acquisition of a building and improvements for the new project. The Rev. Donald C. Latham, an Anglican rector, who has been living in Dismas House here, has been named executive director of the New York institution, Shenker said.

Shenker said he was turning over a down payment check for $1000 for the building and hoped that others would assist in raising funds for the New York foundation. Any donations should be sent to the Father Dismas Clark Foundation, 903 Cole street, St. Louis, Shenker said. More than 850 former convicts have been rehabilitated through the efforts of Dismas House, Shenker said.

News of the Churches in the St. Louis Area

FEDERATION PLANS ANNUAL ASSEMBLY

By JOHN T. STEWART
Church Editor of the Post-Dispatch.

The Metropolitan Church Federation will open its 1961-62 year Friday with a Grand Assembly at Centenary Methodist Church, Sixteenth and Pine streets. The meeting will open at 10 a.m., and close with department sessions at 1:45 p.m.

In previous years, the Grand Assembly has been held in June, at the end of the federation year. But this year, it was decided to use the assembly to launch a new year's program.

Friday's program will be devoted to the "St. Louis Version of New Delhi." This refers to the meeting of the World Council of Churches at New Delhi, India, next Nov. 19. St. Louis churches and pastors will be encouraged to study the New Delhi theme: "Christ—the Light of the World." They will be urged to arrange neighborhood meetings to promote the movement toward church unity.

St. Louis Protestantism will have at least five representatives at New Delhi—the Rev. Dr. O. Walter Wagner, executive director of the church federation, and Mrs. Wagner; the Rev. Dr. Edwin T. Dahlberg, pastor of Delmar Baptist Church, and immediate past president of the National Council of Churches, and Mrs. Dahlberg, and Bishop Ivan Lee Holt, retired Methodist Bishop, and a founder of the World Council of Churches.

"The Grand Assembly is an effort to bridge the chasm between the local church and the global church," the Rev. Dr. Wagner stated.

Bishop Eugene M. Frank of the Methodist Church, president of the church federation, will preside at Friday's meeting. The Rev. Dr. Wagner will speak on "The Ecumenical Witness—St. Louis" at the luncheon at 12:15 p.m.

Others taking part will include the Rev. Dr. Allen O. Miller and the Rev. Dr. Elmer J. F. Arndt, both of Eden Theological Seminary; the Rev. Dr. Berlyn Farris, pastor of University Methodist Church, and the Rev. Dr. Eldon Clay Frye, pastor of Trinity Presbyterian Church.

PASTOR TO ORDAIN SON TOMORROW AT ST. PAUL CHURCH

Erwin Robert Bode, son of the Rev. Dr. and Mrs. Erwin H. Bode, will be ordained to the ministry tomorrow by his father at St. Paul United Church of Christ (Evangelical and Reformed), Giles avenue and Potomac street, where the Rev. Dr. Bode is pastor. The son is the fourth generation of Bodes to enter the Christian ministry.

The ordination service will be held at 10:15 a.m., and the preacher will be the Rev. Allen O. Miller of Eden Theological Seminary. Others taking part in the service will be the Rev. Paul John Bode, associate pastor of St. Paul Church and an uncle of the candidate; The Rev. August Grollmus of Sheboygan, Wis., father-in-law of the candidate; the Rev. John G. Ruhl of Marthasville, Mo., another uncle, and the Rev. Paul H. Rahmeier, president of the Missouri Valley Synod of the Evangelical and Reformed Church.

Erwin R. Bode is a graduate of Roosevelt High School, Elmhurst College, Elmhurst, Ill., and Eden Seminary. Last June he received a master's degree in pastoral psychology from Andover Newton Theological Seminary, Boston, Mass., where he spent a year in study. He has accepted a call to become pastor of St. Martin's Evangelical and Reformed Church, Dittmer, Mo., and will begin his ministry there next week.

Episcopal Church Convention to Open In Detroit Tomorrow; Merger Is Issue

Missouri diocese delegates to the General Convention of the Episcopal Church: Seated (from left) are: THE VERY REV. NED COLE, dean of Christ Church Cathedral; WALTER SWEARENGEN, Jefferson City; HARRY GIESSOW, Church of St. Michael and St. George, Clayton; the VENERABLE CHARLES F. REHKOPF, archdeacon; JOHN H. LEACH, St. Peter's Church, Ladue; FORREST CRANE, Columbia; standing, the REV. DR. J. FRANCIS SANT (left), rector of Church of St. Michael and St. George, and the REV. DR. WILLIAM H. LAIRD, rector of St. Peter's Church.

The sixtieth triennial General Convention of the Protestant Episcopal Church will open for a two-week session at Detroit tomorrow night. Bishop George L. Cadigan and Dean Ned Cole of Christ Church Cathedral will head the delegation from the Diocese of Missouri.

The House of Bishops, with 195 members, and the elected 670-member House of Deputies make up the bicameral legislative body of the church. Most of their sessions will be separate, but the two houses must concur on all legislation passed.

The triennial meeting of Episcopal Churchwomen, with 500 delegates, will be held simultaneously at Detroit.

The Rt. Rev. Arthur Lichtenberger, who was installed as presiding bishop in 1959, will conduct sessions of the House of Bishops for the first time. He was bishop of the Missouri diocese when he was elected presiding bishop.

The House of Deputies must elect a president to succeed the Rev. Theodore Wedel of Washington, D.C., who has retired.

Major issues to come before the general convention include the Blake proposal for union with Methodists and Presbyterians and the United Church of Christ; adoption of a three-year budget, a proposal to meet annually instead of every three years, plans for expanding the church's world-wide missions, alcoholism, racial discrimination and a shortage of clergy.

The Missouri delegation was authorized by its diocesan convention last May to invite the general convention to meet in St. Louis in 1964. A special eight-page edition of the Missouri diocese new, apc: "NCW" will be distributed to bishops and deputies at Detroit; it includes four pages devoted to the invitation. Letters of invitation are included from Bishop Cadigan, Gov. John M. Dalton, Mayor Raymond R. Tucker and Bishop Edward R. Welles of Kansas City.

Dean Cole, writing in the current issue of "NOW," states his views on convention issues. He cites "the Presbyterian (Blake) invitation to us as Episcopalians to join with them in a study of a merger with the Methodist Church and the United Church of Christ.

"Your (Missouri) delegates have been instructed by the diocesan convention to urge the acceptance of this invitation," Dean Cole states. "This may be one of the liveliest issues of the convention."

(The 1961 General Assembly of the United Presbyterian Church approved the study of merger).

Dean Cole mentions also proposals for full communion with the United Churches of North India and Pakistan, and intercommunion with the Philippine Independent Church.

"One issue in the 'unity field' which will come up," he continues, "is a criticism of the Episcopal Church's involvement in the National Council of Churches.

"Some clergy and lay persons of the Episcopal Church feel the National Council has spoken out too boldly on such controversial issues as federal aid to education, right-to-work laws, United Nations, etc., and therefore feel we should not be a part of the National Council.

"I hope the convention will support the National Council and continue to be a part of it, though I sense in the church press a feeling among many laymen in some parts of the country of a great suspicion of the activities of the N.C.C.C."

RETREAT LEAGUE TO ATTEND MASS

More than 3000 members of the Cenacle Retreat League have been invited to attend its annual communion Mass and breakfast Sunday, Sept. 24. Mass will be offered at 9 a.m. at Church of St. John, Sixteenth and Chestnut streets, by the Rev. Joseph F. Dwyer. The breakfast meeting will follow at the Sheraton-Jefferson Hotel, where Cardinal Joseph E. Ritter will be guest of honor.

The speaker at the breakfast will be the Rev. Daniel V. Campbell, S.J., who recently became a member of the faculty of St. Louis University High School. A chaplain in World War II and the Korean War, Father Campbell formerly taught at St. Louis University, and was a member of the Jesuit mission band. For the past two years, he has been engaged in organizing a new Jesuit retreat house for men at Denver, Colo.

Members of Cenacle Retreat League work throughout the year to promote and sponsor retreats and Days of Recollection for women at the Cenacle, 900 South Spoede road, St. Louis county.

Reservations for the breakfast may be made until Monday by calling Mrs. William Kelly, Victor 3-0840.

Junior Billikens Make Quick 'Comeback,' Defeat Alton, 19-13

Normandy Shuts Out McBride

By Bob Ruhl

As the steam rolled out of the dressing room at Public Schools Stadium last night, the St. Louis U. High football team collectively jumped up and down on the concrete floor nineteen times. This show of youthful vigor was the short, but happy, victory celebration by the rugged Junior Billikens.

In the 48 minutes of playing time preceding the victory jumps, Paul Martel's charges had proved a few simple facts to themselves and to the visiting Redbirds of Alton.

Last week's 7-0 loss to DuBourg had undoubtedly taken any pre-season cockiness out of the Blue and White. But last night's impressive 19-13 victory over Alton, rated as one of the East Side's best, was enough to bolster any sagging morale. The Bills are good — that was obvious.

Clayton also proved it would be a difficult foe this season by opening its season with a 12-9 victory over Maplewood to break the Blue Devil's 12-game winning streak started in the 1959 season. Christian Brothers followed up its victory over McKinley by beating Southwest 24-6.

U. City Triumphs.

University City got off to a fast start by whipping Mattoon, Ill., 21-6. Normandy beat McBride, 14-0; Central tripped Laboure, 18-7; Ferguson shut out Berkeley, 26-0, and Ritenour bombarded Pattonville, 32-7. Cleveland handed St. Mary's its first defeat in two games, 12-0.

When opportunity came their way, the Little Bills were ready. St. Louis got started late in the second quarter when burly tackle Chris Gianoulakis fell on an Alton fumble at the Redbirds' 33.

Quarterback Del Wilber, son of the former Cardinal catcher, hit halfback Charley Jirauch for passes of 21 and nine yards and Gene McCreary belted over right tackle to score from the 4.

Fullback Jim McLaughlin, who bears a resemblance to a battering ram, took care of the other two Junior Billiken touchdowns. Moments after the first score, McLaughlin picked off an errant Alton pass and brought the ball to the Redbird 34. McCreary, on an inside reverse, spun loose to the 4, and McLaughlin later smashed over from the 3.

Gianoulakis, a second team All-District tackle last season, also had a big hand in the final St. Louis score. In the third period, he recovered a fumble at the Alton 13. McLaughlin finished the short thrust with a one-yard run.

Fumble Aids Alton.

Alton, playing its opening game, struck quickly after George Fulkerson recovered Jirauch's fumble of the second-half kickoff. The Birds took over on the St. Louis 39 and rolled ahead with Terry Mitchell going the final yard.

In the fourth quarter, a major penalty and a pass interference call helped Alton move to the St. Louis 30. Schmidt found Jim Jackson open and fired a pass to him that went for 27 yards. Ron Ayres went over from two yards out.

Ralph McClain, Alton's young coach, was a bit bewildered. "And I thought our defense would be our strong point!" St. Louis U. High's Martel was relieved. "Our offense opened up," he said. "One game sure makes a difference."

Quarterback Charlie Pullaro of C.B.C. hit halfback Carl Gentile with two touchdown passes. The plays carried 72 and 17 yards. Myron Levinson tallied two TDs for U. City on short runs. A 31-yard pass play from Rich Mills to Dale Runion and Dick Kochera's short plunge were the scoring plays for Normandy.

Bob Pesek tallied twice for Ferguson. Brothers Ray and Flennard Thorpe each scored once for Ritenour.

Referee Becomes Central Figure

Central High ball-carrier RICH SAVKOVICH found a hole in the Laboure defense, but ran smack into the arms of referee DON INGERSON in a non-league game yesterday at Public Schools Stadium. Dark-shirted Laboure player at left is CARL CONCELLOR and No. 10 is DON HOGUET. No. 50 for Laboure is CHRIS GUCCIARDO. Central won, 18-7.

Peter Thomson Leads

PORTHCAWL, Wales, Sept. 16 (UPI)—Peter Thomson, former British Open champion from Australia, carried a one-stroke lead over fellow countryman Kel Nagle today into the third round of the Dunlop Masters golf tournament. Sid Scott of England trailed Thomson by two strokes with a 143.

Koufax Keeps L.A. in Race, Fans No. 243, N.L. Record for Lefties

NEW YORK, Sept. 16 (AP)—Swift southpaw Sandy Koufax has broken a 50-year-old strikeout record, continued Warren Spahn's 12-year-old jinx and maintained the Los Angeles Dodgers' chances of catching the front-running Cincinnati Reds in the National League pennant battle.

Koufax set the Milwaukee Braves down on five hits last night, striking out 10 en route to an 11-2 victory that pushed the second-place Dodgers within 4½ games of the Reds, who were idle for the second night in succession.

The 10 strikeouts gave the fireballing Koufax 243 for the year—the most ever achieved by a lefthander in modern N.L. history. Rube Marquard, who fanned 237 for the New York Giants in 1911, held the record.

Spahn, meanwhile, met his usual fate against the Dodgers on the road, losing for the twelfth consecutive time since he last beat the then Brooklynites in their home park in 1948. The 40-year-old Milwaukee ace was seeking victory No. 20 for the sixth year in a row and the twelfth time in his career.

Braves Drop to Fourth.

Instead, he lasted less than two innings. His string of 10 straight complete game victories came to an end and the Braves dropped into fourth place behind San Francisco. The Giants whipped the Chicago Cubs, 5-1, in the only other N.L. game scheduled.

In the American League, Roger Maris went homeless for the seventh game in a row and, with 56 homers, fell even with Babe Ruth's record 60-homer pace of 1927 as the New York Yankees split with Detroit.

The Yankees won the opener, 11-1, reducing their magic pennant-clinching number to four before the Tigers won the second, 4-2. Boston beat Baltimore, 3-2, in 10 innings, Minnesota edged Cleveland, 3-2, Los Angeles walloped Chicago, 9-5, and Washington defeated Kansas City, 3-1.

Koufax, who had lost six straight at the Coliseum and had not won at home since June 11, gave up a leadoff homer to John Demerit in the first, allowed another run to cross in the inning on a double-play, then closed the door for his sixteenth victory against 11 defeats.

Homerless in seven games and looking like the hare who lost that fabled race to the tortoise, the Yanks Maris faces the imposing task of hitting four home runs in five games in order to tie Babe Ruth's 1927 home run record of 60.

Maris, who spurted 24 games ahead of Ruth's pace on July 25, was caught by The Bambino last night as he came up with only one single in nine at-bats.

Maris now is even with Ruth's gait, and must hit four homers in the next five decisions to match Ruth under the 154-decision allotment specified by Commissioner Ford Frick.

Teammate Mickey Mantle fell further behind Ruth with a single, double, three walks and sacrifice fly in nine trips against the Tigers. Mantle, with 53 homers, needs seven home runs in the five games to get a draw with The Babe.

The Yankees, however set a major league team home run record as Yogi Berra and Bill Skowron connected in the 11-1 opening game victory. The two homers boosted the New Yorkers' total to 222 for the season, one more than the New York Giants hit in 1947 and Cincinati Reds in 1956.

The Yanks won the first game easily behind Whitey Ford, who scattered eight hits in a route-going performance for his 24th victory against three defeats.

Ron Kline (7-8) spaced seven Yankee hits in the nightcap, giving up a homer to Clete Boyer—The New Yorkers' 223rd—in the fifth and an unearned tally in the eighth.

Three-Run Inning For Cards

CARDINALS (at Pittsburgh)
0 3 1 0
PITTSBURGH
0 0 0

Special to the Post-Dispatch.

PITTSBURGH, Sept. 16—The Cardinals, almost assured of fifth place, put two rookies in the lineup today against the Pirates. Jerry Buchek went to shortstop and Gene Oliver behind the bat.

Ray Sadecki, who is 2-0 in decisions with the Bucs, opposed Earl Francis, 0-2 against the Cardinals.

Smoky Burgess went to his North Carolina home for the funeral of an uncle and was not in the Pirates' lineup.

FIRST INNING — CARDINALS — Groat threw out Flood. Javier singled to center. White lined to Stuart and Javier was doubled off second, Stuart to Mazeroski.

PITTSBURGH — Virdon popped to Javier. Groat flied to Cunningham. Clemente lined a single to right. Stuart singled to center, Clemente going to third. Hook flied to Flood.

SECOND INNING—CARDINALS—Boyer flied to Virdon. Musial singled to right. Oliver singled to left, Musial stopping at second. Francis's first pitch to Cunningham was a passed ball, both runners advancing. Cunningham was passed intentionally, loading the bases. Buchek forced Cunningham, Groat to Mazeroski, Musial scoring. Sadecki singled to right, scoring Oliver, Buchek going to third. Flood walked, but Leppert threw to ground and when the throw was bad, Buchek scored from third on the error, Javier forced Flood at second, Groat to Mazeroski. THREE RUNS.

PITTSBURGH — Skinner popped to Buchek. Leppert struck out. Mazeroski flied to Musial.

THIRD INNING—CARDINALS — White flied to Virdon. Boyer singled to center and when Virdon booted the ball for an error, Boyer went to second. Musial grounded to Mazeroski and when Francis, who covered first base, failed to hold the throw for an error, Boyer scored and Musial reached second. Groat threw out both Oliver and Cunningham. ONE RUN.

PITTSBURGH—Francis flied deep to Flood, who made a sensational one-handed stab of the ball. Virdon singled to center. Groat forced Virdon, Javier to Buchek. Clemente bounced a grounder off the leg of Sadecki to Boyer, who threw out Clemente at first.

Rozelle Visits Big Red

Pete Rozelle, commissioner of the National Football League, paid a visit to the St. Louis football Cardinals at their workout headquarters in Forest Park yesterday.

After speaking to the squad, Rozelle said his appearance was in the routine of visiting each club in the league. Part of the routine is a warning to avoid gambling influences.

The Cardinals departed today for their regular season opener against the New York Giants at Yankee Stadium tomorrow afternoon at 1:05 o'clock, St. Louis time.

Buffalo Three Up In I.L. Playoff

CHARLESTON, S.C., Sept. 16 (UPI)—Southpaw Wally Seward can make it a clean sweep tonight for the Buffalo Bisons.

Seward will be opposed by right-hander Ray Washburn, who is being entrusted with keeping Charleston's hopes alive in a best-of-seven International League semifinal playoff.

The Bisons beat the Marlins for the third straight time without a loss, 7-2, at Buffalo, N.Y., last night.

Left-hander Bill Smith was pretty much the entire show for the Bisons, pitching a seven-hitter and belting a two-run homer in the sixth. Jim Frey also connected for the Bisons, while Joe Morgan homered for the Marlins.

The Rochester Red Wings took a two-game-to-one lead over pennant-winning Columbus in their semifinal by defeating the Jets, 5-3.

Mizzou Works Hard, Squad Game Today

COLUMBIA, Mo., Sept. 16 (AP)—Coach Dan Devine squeezed in an extra defensive scrimmage session against Washington State plays for his University of Missouri football squad Friday.

Devine said the defense of his first and second units on the goal line Thursday was very unsatisfactory.

Today the Tigers will play an inter-squad game.

Webster and Roosevelt Whip East Side Foes

The 'boots' where on the other feet as an alert Webster-Groves High School football team made the most of Belleville Township mistakes, mental and physical, to take a 20-12 victory in the season opener for both schools last night on the loser's field.

Last year Belleville gathered up five footballs dropped by Webster Groves players and turned these fumbles into a 20-0 romp.

Roosevelt kept up the good showing by Missouri schools over Illinois rivals with a 6-0 victory over Collinsville on Kirk Cattmeyer's second period touchdown.

Assumption handed another Southwestern conference club a loss with a 40-0 romp over Granite City with six Assumption players scoring TDs. Roxana, in a game delayed an hour by a power line failure, made a bright start in its season, winning over Southwestern, 14-0, and Edwardsville and Madison battled to a 19-19 tie. Marquette of Alton had no trouble topping Hadley, 27-6.

They say coming events cast their shadows before, and Webster Groves' ultimate victory may have resulted from the first play from scrimmage this season by Belleville. On this play Belleville fumbled, Webster recovered on the Township 25-yard line and moved to a touchdown with the game six minutes and 25 seconds old.

Rhodes Rides Through.

Don Rhodes scored this first Webster TD when he found a big, gaping hole in the right side of the Belleville line to scamper three yards into the end zone. Ed Stussie's placekick attempt for the added point was wide and the first quarter ended 6-0.

Belleville coach Bob Frala, who calls every play of every game for his team, master-minded a 95-yard Township drive in the closing minutes of the second quarter to tie the score 6-6 at intermission.

The Belleville offense, apparently far more advanced than the defense, reeled off eight plays in a narrow span of 43 seconds, to climax the long march.

Belleville had the ball on its own 45-yard line with one minute and ten seconds to go and quarterback John Adams, failing to find any receivers on a pass play, elected to run and scored from the seven-yard marker and there were still 27 seconds left to play before halftime intermission.

Both teams scored in the third period, but once again a Belleville bobble helped the Statesmen. Belleville was in trouble on the second half opening kickoff on a 15-yard penalty with the ball deep in its own territory. A punt attempt went awry and was recovered by Webster on the home team's 11-yard line.

Bill McLean recovered the ball after the blocked punt. Hugh Davis bulled his way over from the five-yard stripe to make it Webster Groves 12, Belleville 6, just two minutes and 20 seconds after the start of the third period. Stussie's kick was good this time.

Adams-Randle Spearhead.

With Adams and Kenny Randle spearheading the attack, the Belleville offensive unit rolled 89 yards in its second and final touchdown drive. Co-captain Bob Englebretson recovered a Webster fumble on the Belleville 11-yard line to start the march.

Champion Advances In Tennis

By Harold Flachsbart

Ed Montgomery, defending men's singles champion in the District tennis tournament at Triple A, is not one of the seeded players in the 1961 competition, but don't count him out.

In one of the best matches of the Friday program, Montgomery eliminated Harry Burrus Sr., Washington University athletic director, 7-5, 6-4. Montgomery will meet Jerry Johnson, No. 1 player on the W.U. squad, today in the quarterfinals.

Top-seeded Dick Horwitz, the Bears' coach advanced with an easy victory over Tom Maxeiner.

In women's play, Mary Ann Eisel upset second-seeded Lydia Wieberg, 6-3, 5-7, 6-4. Champion Marilyn Mueller eliminated Cheryl English, 6-4, 6-1, and Mrs. Merceina Parker showed veteran skill in ousting Pat Mersinger, 6-0, 6-0.

Semifinals in both men's and women's play are scheduled at 2 o'clock today after morning quarterfinals for men.

MEN

THIRD ROUND—Ed Montgomery defeated Harry Burrus Sr., 7-5, 6-4; Bill Heinbecker defeated Bob Ludlaway, 4-6, 6-1, 6-4; Dick Horwitz defeated Tom Maxeiner, 6-1, 6-4; Barry Green defeated Lee Bressler, 6-1, 6-1; Wally Grundlach defeated Jack Lasker, 6-0, 6-1.

WOMEN

QUARTER-FINAL—Marilyn Mueller defeated Cheryl English, 6-4, 6-1; Carol Johnson defeated Laura Longenbaugh, 6-0, 6-2; Mary Ann Eisel defeated Lydia Wieberg, 6-3, 5-7, 6-4; Merceina Parker defeated Patty Mersinger, 6-0, 6-0.

SATURDAY'S SCHEDULE

MEN

THIRD ROUND—10 a.m., completion of Bill Schock-Rich Waltke match (score is 6-3, 4-6, 6-6).

QUARTER-FINALS—10 a.m., Jerry Johnson vs. Montgomery; Horwitz vs. Green; Grundlach vs. Larry Kast, 10:30 a.m., Heinbecker vs. winner of Schock-Waltke match.

SEMI-FINALS—2 p.m.

WOMEN

SEMI-FINALS—2 p.m., Mueller vs. Johnson; Eisel vs. Parker.

Bass Rolls 792 In All-Star League

Frank Bass rolled a 792 total on games of 278, 268 and 246 to pace the St. Louis All-Star League bowlers at the Arcade Lanes. Other high scorers: Bill McCullough 705, Chuck O'Donnell 690, Mel Metzger 682, Don Callahan 674.

Nicklaus Plays Wysong for U.S. Title

Jack Is 14 Under For Meet

PEBBLE BEACH, Calif., Sept. 16 (AP)—Power-hitting Jack Nicklaus, a veteran at 21, battled for his second National Amateur golf championship today against Texas Dudley Wysong, one year older but far less experienced.

Wysong expected to see the Nicklaus tee shots out in front of his, but it didn't seem to bother the slim 170-pounder from McKinney, Tex., who picked up valuable tips from another Texan—the great Byron Nelson.

"I'm going to play this course with my game and let him play the course with his game," Wysong said before teeing off for the 36-hole finals over the Pebble Beach layout.

The blond Nicklaus, who won the amateur title in 1959 and currently holds the collegiate crown representing Ohio State, overwhelmed Sonny Methvin of Little Rock, Ark., 9 and 8, in their semifinal scheduled for 36 holes yesterday.

It took Wysong the full distance to bounce the only remaining foreign entry, Ireland's Joe Carr, by a 2-up margin despite Dud's 5-up margin after 18 holes. Carr simply wouldn't give up and Wysong's morning-hot putter cooled in a fog-shrouded afternoon.

Big Jack was 14 strokes under par for the 14 holes he has played in this event. Wysong was 14-over-par for 113 holes.

While Nicklaus had won several major titles and represented the United States on the Walker Cup team, Wysong wasn't even among those mentioned in preview stories of these national championships.

He told newsmen he has been practicing daily to get into shape for the title bid and that through the past six years Nelson has been giving him helpful tips as a friend of the family. Dudley, Sr., is a physician in McKinney, 30 miles north of Dallas.

St. Pius Nine Wins

St. Pius defeated St. Margaret, 6-2, in a C.Y.C. senior playoff baseball game last night at Carondelet Park. The winner meets Holy Rosary tomorrow at 3:30 p.m. in one of two division title games to be played at Busch Stadium. Our Lady of Sorrows plays St. Jerome in the first game at 1 o'clock.

Seattle Golf

SEATTLE, Sept. 16 (UPI)—The leading 36-hole scores in the Greater Seattle Open golf tournament (par 140):

Bill Collins	— —	64-69—133

Pete Shire 113 Farmers Glory 115
*Five pounds apprentice allowance claimed. ***10 pounds apprentice allowance claimed. Listed to post.

Fairmount Record Is Surpassed

A Fairmount Park record that stood since 1928 was cracked last night by Perpetual Boy, a four-year-old ridden by Belloin Pulido. Perpetual Boy ran the five and one-half furlongs in 1:04.4 to win the eighth race.

Pulloin's mount was the favorite and paid $6.40 for $2.

The previous record was 1:05. It had been equaled in 1941 by Distract and in 1952 by Den-Cal.

The pace-setter in the seventh race, Breezy Tarius, fell at the three-sixteenths pole. All of the other horses missed the fallen animal, and jockey Emedge Hinjosa escaped with bruises.

Eight races are on tonight's program starting at 8:30.

Prep Streak Halted At 47 Victories

MANHATTAN, Kan., Sept. 16 (UPI)—One of the nation's longest high school football winning streaks was snapped here last night when Manhattan, Kan., defeated Lawrence, Kan., 7-0.

Lawrence was shooting for its 48th consecutive victory, but never threatened.

Ulbricht

Continued From Page One.

to risk being branded as aggressors before the world beware," he said. "They face the fate which overtakes all aggressors."

Ulbricht indicated, however, that East Germany would be willing to grant transit rights if the Western Allies dropped their refusal to recognize his regime.

Milicious Nonsense.

"Our enemies declare that we intend to interfere with the transport links between West Berlin and West Germany," he said. "This is malicious nonsense. We have no wish to disturb traffic. But we want to regulate it. Control does not mean interference. It means order. Every sovereign state has the right to maintain order on its territory."

Ulbricht defended the wall that has sealed off East Berlin from the western side of the city since Aug. 13 as "an act of self-defense to cleanse the atmosphere and stop our economy (from) being plundered by the West."

He admitted the measures were also intended to prevent "a few misguided youths in East Germany falling victim to wicked propaganda and joining the camp of the warmongers in the West."

"This was an act of human love on our part," he declared.

In the last month before the wall went up, 40,000 East Germans fled through West Berlin to freedom.

Ulbricht made repeated references to the neutralization of Germany as the only way to reunite the German people, and renewed his old demand for turning West Berlin into a demilitarized "free city."

Meanwhile, there were persistent but unconfirmed reports that the Communists plan some action against the air corridors over the weekend.

ROBBED OF $550 RING, AND WATCH WORTH $325

James Hurd, 4357 Maffitt avenue, reported to police that two men beat and robbed him as he was walking on North Taylor avenue at Delmar boulevard early today. They took a diamond ring valued at $550 and a $325 watch. He was treated at Homer G. Phillips Hospital for abrasions on the face.

Mrs. Ada Harrell, operator of a confectionery at 5347 Loughborough avenue, was robbed of $62 last night by three youths. They ordered coffee and one of them then displayed a revolver and announced a holdup. She was forced into a rear room.

EDDIE MACHEN, No. 4 heavyweight contender, is an 8-5 favorite over **MIKE DeJOHN** in the nationally televised 10-rounder in Syracuse tonight. The bout will be shown on Channel 2 in St. Louis at 9 o'clock. . . . Machen defeated DeJohn April 10.

Vernon Law

An extensive examination of the pitching arm of the Pirates' **VERNON LAW** indicated that the injury has healed. Doctors said that only actual pitching will determine if Law has completely recovered.

Adios Don, one of the favorites, has been declared out of the $70,000 Little Brown Jug for 3-year-old pacers at Delaware, O., next Thursday. The horse wrenched his right knee in the Cane Pace last week and is said to need rest.

Gardena, Calif., defeated Clearwater, Fla., 1-0, in the opening game of the world's softball tournament at Clearwater. It is a double elimination affair.

The Thurmers, from St. Louis, were scheduled to meet Sudbury, Ont., Saturday. Their Friday night game was rained out.

In the doubles semifinals of the world clay court tennis championships at Paris, **PANCHO GONZALES** and **TONY TRABERT** defeated St. Louis's **EARL BUCHHOLZ** and **BARRY MacKAY,** 6-3, 6-3.

The University of Illinois football team has abandoned hope that fullbacks JOE BREWER and DENNY FINNERMAN can recover from leg injuries and see service this season.

The lawyer for Giants' outfielder **WILLIE MAYS** said that Willie and his wife, **MARGHUERITE,** will probably be divorced instead of legally separated.

HELP WANTED—MEN, BOYS 82 HELP WANTED—MEN, BOYS 82

WORK IN ALBUQUERQUE, NEW MEXICO
ALBUQUERQUE DIVISION
ACF INDUSTRIES, INC.
(EQUAL OPPORTUNITY EMPLOYER)
JOURNEYMAN MACHINISTS
Machinists must be first class, operating all types of machines, lathes, milling machines, large vertical and horizontal boring mills. Production type work but constant change in design requires men capable of reading and working from blueprints, making own layouts and set-ups.
Journeyman must have regular accredited apprenticeship; however, machinists with 10-15 years' experience on all types small and large machine tools will be considered. Must know basic machine shop mathematics.
Present starting rate is $3.13 per hour. Night shift differential of 10c per hour and 15c per hour.
Labor contract is with the International Association of Machinists. Liberal travel and moving allowance paid. Many other attractive fringe benefits.
Applicants must pass standard physical examinations and AEC (ATOMIC ENERGY COMMISSION) Security clearance. U.S. Citizenship required.
Housing is plentiful and moderately priced. Sunny, dry and healthful climate in mountainous area with low humidity. Area recommended for arthritis, asthma, bronchial and other respiratory ailments. Surrounding country provides excellent opportunity for fishing, hunting and other outdoor sports. Ideal area for family living.

Facing a Crisis

Conor Cruise O'Brien (center, civilian clothing), United Nations representative in Katanga, conferring with officers of Irish U.N. troop contingent in capital city of Elisabethville. A 150-man Irish detachment is reported besieged by Katanga forces at the industrial and mining center of Jadotville, 60 miles northwest of Elisabethville.

—UPI Telephoto.

A Sticky Problem

The black mask on the face of 9-month-old David Collopy (left) came from the can of lacquer wielded by his brother, John, 3 (right). It all happened when their mother, Mrs. Patricia Collopy, holding the boys at the Pasadena (Calif.) Emergency Hospital, was talking on the telephone. Most of the lacquer mask was removed at the hospital, but David will be stuck with black eyebrows until the color wears off or the eyebrows grow out.

—Associated Press Wirephoto.

Barbed Wire Memorial

West Berlin woman placing flowers yesterday on a memorial built by students for an East German woman who was killed while attempting to escape. The would-be escapee was fatally injured when she jumped from a window on the Bernauerstrasse at the East-West border.

—Associated Press Radiophoto.

Welcome With Punch

Beanie-capped freshmen at Washington University gathered around punch bowl at the Chancellor's reception yesterday following a convocation attended by almost 800 new students at the Hilltop campus. In group (from left) are: Michael Kelly of Brentwood; Fred Empkie, Arlington Heights, Ill.; Barbara Smith, Mason road, St. Louis county, and Jane Carter, a sophomore from Bloomington, Ill., one of the hostesses.

—By a Post-Dispatch Photographer.

Drying Out After Storm

Housewife in Port O'Connor, Tex., examining furniture and appliances drying in the sun after they were soaked by high tides from Hurricane Carla. This woman was one of the few comparatively fortunate householders whose homes were left intact as the raging winds of the hurricane played havoc with the fishing village on Matagorda bay.

United States of Europe Plan

By Ramon Coffman

SIXTH GRADE PUPILS have asked me this question:

"Will Europe ever be able to form into one united group like the United States?"

If the world can be kept at peace during the next 10 years, it seems likely that the United States of Europe will come into existence. Some nations on the mainland of Europe already have combined in an economic manner. An economic union makes a long step toward a political union.

The countries of which I speak are France, Italy, West Germany, Belgium, Luxemburg and Holland. They have lowered or stopped tariff taxes on most of the goods passing from one to another.

There has been much talk about Great Britain joining the continental countries. If this can be done without dragging in Africa or Asia, the idea of a united Europe will be helped forward.

Q. How could Europe unite when people speak so many languages?

A. Switzerland offers an example of how people can get along very well even when they speak different languages. There are three official languages among the Swiss — German, French and Italian.

Q. Would Russia join a European union?

A. It is possible that Russia will give up Communism during the years ahead. If that happens, the United States of Europe will become almost certain. Meanwhile the United States of Western Europe is likely to be realized.
